

Subject: Draws for the World Cups

Dear Mr. President,

As you have seen it, these last years United World Wrestling tried to organize the draws of the World Cups in advance in order to promote the event and the composition of the Groups.

As we don't want to produce non-professional draws or spend a huge budget to produce nice draw, it was proposed to establish a Rule for the World Cups. This Rule will be used every time and will allow us to know the teams of each Group right after the Senior World Championships.

The Executive Committee approved therefore to modify the Rule in the "*General Regulations for the Senior World Cup*" - 6.6 *Composition of the Groups*.

Basically, we will establish the two groups according the team ranking of the previous Senior World Championships.

We will therefore have:

GROUP A: Team ranked in the 1st place - Team ranked in the 4th place - Team ranked in the 5th place - Team ranked in the 8th place.

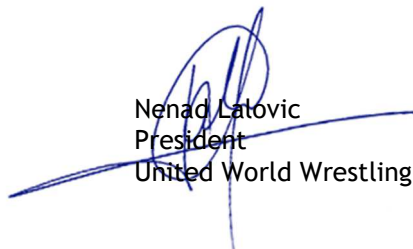

GROUP B: Team ranked in the 2nd place - Team ranked in the 3rd place - Team ranked in the 6th place - Team ranked in the 7th place.

To summarize:

GROUP A		GROUP B
1	->	2
4	<-	3
5	->	6
8	<-	7

I kindly inform you that this change will be implemented in the Regulations mentioned above and it will be used from now on.

Sincerely Yours,

Nenad Latovic
President
United World Wrestling
