## **4. INFORMATION ON THE VOTING PROCEDURE**

## 4. INFORMATION ON THE VOTING PROCEDURE

---

### First and second ballot:

Number of vote per delegate per country present:	1
Number of vote per Bureau member present:	1

**For the first ballot** one delegate per country present having the right to vote will be entitled to choose 6 candidates at maximum on the list of candidates.

**For the second** ballot the same delegate who voted at the first ballot will be entitled to choose a number of candidates which shall be equal or inferior to the number of seats remaining.

### Procedure :

Four polling stations will be installed in the hall and divided per continent: Asia, America, Europe, Africa & Oceania.

The delegates who have the right to vote shall go to the polling station corresponding to their continent to get their voting paper and sign the register.

Once the candidate(s) is/are chosen, the voting paper shall be folded in two and put in the ballot box.

We remind here that only the delegates with the right to vote shall be entitled to take part in the Bureau members election process.

## **5. ADOPTION OF THE CONGRESS PROCEDURE REGULATIONS**

## 5. PROCEDURE RULES FOR THE CONGRESS

---

### Article 1

As per article 10 of the FILA Constitution, each member nation may only have three delegates at the Congress, only one of whom shall have the voting power and the right to speak.

### Article 2

On the day and at the time fixed by FILA, the national representatives must hand over their rights to vote to the Congress secretariat. A copy of the rights to vote must be received by the FILA Secretariat for verification, if necessary by fax, 7 days before the Congress at the latest.

The right to vote must indicate the name and position of the person having the right to speak and to vote on behalf of the National Federation concerned.

In order to be valid, the right to vote must be signed by the President or the Secretary General of the National Federation concerned and it must bear the stamp of the National Federation thereby being proven authenticated.

The right to vote must be presented in writing on the letter-head paper of the National Federation concerned.

### Article 3

The Congress is conducted by the FILA President, or if absent, by an appointed Vice-president or by the Secretary General.

### Article 4

The Congress shall appoint its own working bodies at the suggestion of the FILA President.

### Article 5

Each affiliated National Federation, which is updated with all its financial obligations and which is not subject to any measure of suspension, has the right to one vote at Congress.

### Article 6

The rights to vote of the FILA Bureau members and affiliated National Federations are not transferable. Consequently, any entitled party who is absent (Bureau member or National Federation) cannot vote by proxy.

### Article 7

Only questions placed on the agenda are discussed by the Congress.

However, in exceptional cases, the Congress may discuss a question not placed on the agenda, provided this is decided by vote by 2/3 of its attending members having the right to vote.

## **Article 8**

The Congress decides the voting procedure, whether the vote shall be secret or open, according to its own opinion.

In case the vote is secret, the voting booths will be used or electronic voting.

In case of a personal matter and for the elections, the vote must obligatorily be secret.

The President does not take part in open votes, but he has the casting vote in case of a tie.

If a secret vote ends in a tie, the matter in question is considered as rejected. Nevertheless, according to article 19 of the FILA Constitution, if the vote for electing members of the FILA Bureau ends in a tie for the last post to fill, another ballot is compulsory, except in case of withdrawal from the involved applicants.

On the first ballot, are elected the applicant or the applicants (men or women) having obtained half of the votes cast plus one vote.

On the second ballot, are elected, at the relative majority, the applicant(s) having obtained the highest number of the votes.

In case of tie, the outgoing candidate will be elected. If there is a tie between two or more outgoing candidates, the oldest candidate will be elected.

Any ballot paper which is incomplete or spoiled, or which bears more names than the number of posts to fill shall be considered as void.

In compliance with the Constitution, the number of seats at the FILA Bureau has been increased by two. These two seats are reserved for feminine candidates.

On the occasion of this election, only one seat reserved obligatorily for women remains available.

## **Article 9**

Decisions are made by the Congress by a majority according to the provisions of article 13 of the FILA Constitution, where it says that decisions are considered valid at the majority of votes plus one vote of the attending representatives of affiliated National Federations having the voting power and of the attending FILA Bureau members.

## **Article 10**

The debates are held successively, according to the agenda.

## **Article 11**

The Congress President reports in this order or he requests the reporter of the matter in question to speak.

## **Article 12**

Each report on the questions placed on the agenda shall not last more than ten minutes.

### **Article 13**

On each question, following the order of the requests previously submitted, the Congress President allows Congress members to give their opinion.

### **Article 14**

Each intervention shall not last more than five minutes.

### **Article 15**

One delegate only per nation may speak concerning each question placed on the agenda, and he may do so only once.

### **Article 16**

After all interventions have been concluded, the reporter of each question has a right to respond for maximum 10 minutes.

### **Article 17**

The Congress President concludes the debate on each question after possible application of the provisions of the above article 16. The concluded debate shall not be resumed.

### **Article 18**

In the event that particular information is needed concerning a question placed on the agenda, the Congress may allow individuals who are not members of the FILA to speak.

### **Article 19**

The application and interpretation of the present Rules fall within the competence of the Congress.

## **1. WELCOME WORDS BY THE PRESIDENT OF THE RUSSIAN WRESTLING FEDERATION, MR MIKHAIL MAMIASHVILI AND BY THE DEPUTY MAYOR OF THE CITY OF MOSCOW, M. SERGEI BAIDAKOV**

The President of the Russian Wrestling Federation welcomes all the Bureau members and the delegates in Moscow and wishes all a good Congress and an excellent World Championship.

The Deputy Mayor of Moscow, Mr Baidakov, also welcomes everyone in Moscow and apologizes on behalf of the Mayor of Moscow for his absence at the Congress. He notes that the city of Moscow is honoured to host the FILA Congress and the World Championship. He adds that this Championship takes place in a country where wrestling is very popular and traditional sport. It also takes place during the period of celebration of the city of Moscow.

## **2. WELCOME WORDS AND OPENING OF THE CONGRESS BY THE FILA PRESIDENT, MR RAPHAEL MARTINETTI**

In his opening message the FILA President underlines the importance attached by the city of Moscow and the Russian Wrestling Federation to the FILA Congress which takes place in the same hall where the IOC had its meeting previously.

He also points out that this World Championship in Moscow is the biggest ever organized since about a hundred countries are taking part and more than two thousand people are accredited for this occasion with a record number of wrestlers entered.

The President gives the floor to the Secretary General Mr Dusson for the control of the delegates present at the Congress.

## **3. INFORMATION ON THE VOTING SYSTEM**

Some explanations regarding the Bureau elections are presented by the President. The delegates shall be entitled to vote for six candidates maximum on first ballot. A seat shall be compulsorily attributed to a woman. In the case six men obtain the absolute majority on first ballot, the candidate who has obtained the least number of votes will be withdrawn and a second ballot shall take place for the election of a woman.

The votes shall be written on an ad hoc voting paper and counted electronically.

## **4. APPOINTMENT OF THE CONGRESS ORGANS**

Pursuant to the FILA Constitution and Regulations the Congress working organs are approved by the Congress:

Congress minutes writers:	Mr Michel Dusson, FILA Secretary General Mr Carlos Roy, FILA
---------------------------	---

Controllers of the minutes:	Mr Nenad Lalovic, Bureau member – French version Mr Mario Saletnig, FILA Vice-President – English version
-----------------------------	--

President of the polling station:	Mr Cédric Fuchs, Axiome
-----------------------------------	-------------------------

Scrutineers:

Mr Daniel Robin, Wrestling Manager, London Olympic Games  
Mr Karl Dittmann, Secretary General, German Wrestling  
Federation  
Mr Constantin Poteras, President, Romania Wrestling  
Federation

## **5. ADOPTION OF THE CONGRESS PROCEDURE REGULATION**

No remarks or observation are added. The Congress Procedure Regulation is approved.

## **6. APPROVAL OF THE FILA CONGRESS IN BEIJING 2008**

The minutes have been sent to all National Federations within the legal deadline and are also included in the 2010 Congress document sent to all national Federations.

As no modification is being requested, the minutes of the Beijing Congress 2008 are adopted.

## **7. REPORT OF THE CONTROLLERS OF THE POWERS**

Are present: 88 National Federations and 22 Bureau members

Total: 110

Absolute majority: 56

The Congress is legitimately constituted.

## **8. FIDUCIARY COMPANY REPORT AND ADOPTION OF THE 2008-2009 ACCOUNTS AND BALANCE SHEET**

Pursuant to the FILA Constitution and the Swiss, Law the accounts are established by FILA and controlled by the trust company.

The accounts are controlled a third time by the accounting control company OFISA which is approved by the Swiss government and the State of Vaud.

The President reminds that the supreme organ adopting or rejecting these accounts is the FILA Congress.

The balance sheet and the 2008-2009 accounting period are approved unanimously without any remarks.

## **9. 2010-2011 PROJECTED ACCOUNTS**

The 2010 and 2011 accounts project a loss. FILA makes great efforts to reduce the expenses. In 2012 the London Olympic Games receipts will balance the accounts.

The budget is adopted.

## **10. WRESTLING COMPETITIONS AT THE 2010 YOUTH OLYMPIC GAMES IN SINGAPORE**

The President presents the numbers of countries and athletes who took part in the Youth Olympic Games (YOG) and underlines the wrestling is the most represented sport at these Games. He adds that the distribution of medals is satisfactory. This is due to the qualification system designed in agreement with the IOC. The President congratulates the countries who have obtained medals. He adds that a great number of referees under thirty years old have also taken part in the YOG.

The next YOG will take place in Nanjing, China. FILA will make all possible efforts to allow the same number of athletes to participate in these Games.

No question is being asked. The report is adopted.

## **11. PRESIDENT REPORT ON FILA ACTIVITIES, DEPARTMENTS AND CONTINENTAL COUNCILS FOR THE PERIOD BETWEEN THE BEIJING AND MOSCOW CONGRESSES**

The President Mr Raphaël Martinetti reviews the different reports included in the Congress document. Neither remarks nor observations are formulated about these reports. They are adopted.

## **12. FILA WORKING PROGRAM FOR THE 2010-2012 PERIOD**

This program is also included in the working document distributed to the National Federation and the President briefly reviews the items of this program.

Concerning the updating of the wrestling rules the FILA President explains that an evaluation will be conducted after the London Olympic Games and they might be modified if necessary. If not necessary the same rules will apply until the Rio Olympic Games in 2016.

A program for the 2016 Olympic Games is to be established and FILA will ask the IOC that the seven categories in Female Wrestling be integrated in this program.

As concerns the Technical Assistance Mr Martinetti points out that FILA takes in charge the travel expenses of several Federations for the World Championship in Moscow. The organizing committee takes in charge a part of the accommodation expenses and meals for these Federations.

FILA's Technical Assistance shall pursue its goals under the same policy.

As concerns the FILA website the President declares that the design and the accessibility of the website will be modified next year and additional efforts will be done for the web TV.

On the FILA Masters Mr Martinetti notes that FILA will keep on supporting this program which allows the development of the practice of our sport.

The Continental Councils working programs are also included in the Congress document.

FILA's working program for 2010-2012 is adopted.

### 13. QUALIFICATION SYSTEM FOR THE 2012 LONDON OLYMPIC GAMES

The President reviews in details the qualification system for the London Olympic Games and underlines that the number of categories for each style is the same as the Beijing Games. With this system only the wrestlers who have not qualified yet will be allowed to participate in all qualification phases.

Mr Martinetti reminds to all Federations that the participation in the Continental Championships is compulsory in order to be allowed to take part in the World Championships 2011; moreover the participation in the Continental championships in 2012 is obligatory to be entitled to take part in the continental qualifying tournaments.

A question is raised by the Danish Federation on the possible restrictions of the third and fourth qualifying phase. The President explains that there are no restrictions for participating in the third and fourth phases. All countries that are not qualified yet may participate.

No other question is raised.

### 14. REPORT OF THE ASSOCIATED DISCIPLINES: BEACH WRESTLING, BELT WRESTLING, PANKRATION ATHLIMA, GRAPPLING

The congress book contains all details on the associated disciplines. The President encourages all Federations to practice these wrestling styles or to delegate the management of these styles to a national committee in order to foster these styles under the aegis of FILA.

The report is accepted without any question.

5. Modification of the International Regulation for the Change of Nationality

- Only one (1) change of nationality per style and per year
- Application for the change of nationality between 1 and 31 December
- 5.000 Swiss Francs application fee to FILA for examination of the file

**Proposal adopted**

6. Proposition of modification of the Constitution on the following items:

- Composition
- Affiliation

- Association
- Autonomy of National Federations
- Independence of elections and Federations
- Compliance of National Federations' Constitution

#### **Text proposed:**

### **Article 4 – Composition**

The FILA is composed of:

- Affiliated Members
  - Associated Members
- 4.1 The National Federations governing Olympic wrestling styles in their respective countries and complying with the formalities of affiliation can be recognized by FILA and affiliated as such and at the rate of one Federation per nation. Only National Federations governing Olympic wrestling in their country and which have a National Olympic Committee may participate in the Olympic Games, according to the qualification system of wrestlers which is in operation for the Olympic cycle in question and which is adopted by the IOC and the FILA Congress.
- 4.2 Shall be admitted as associated members the National Associations of traditional wrestling or any other wrestling style recognized by FILA and whose National Olympic Wrestling Federation affiliated to FILA is not willing to manage and develop these wrestling styles at the national level for reasons of their own.
- 4.3 In order to promote wrestling and contribute to its development in regions of a territory belonging to a country in another Continent FILA may recognize these countries and consider them as associated members according to the terms of regulations.

### **Article 5 – Affiliation**

#### **5.1. Affiliated Members**

Any recognized National Federation governing Olympic Wrestling styles and officially established shall be admitted to FILA providing that:

- a. No modification
- b. No modification
- c. No modification
- d. No modification
- e. Cancelled
- e. A reduction in the annual membership fee can be granted by the FILA Executive Committee to National Federations from developing countries.
- f. Each National Federation whose Constitution and Regulations are in harmony with the FILA Constitution and Regulations shall attach to its affiliation request an authenticated copy of its Constitution and Regulation signed by its President and Secretary General with a request of recognition.

In certain exceptional circumstances the FILA Bureau can decide that a National Federation be provisionally affiliated, even if all the conditions have not been fulfilled and final affiliation will be granted during the following Congress.

- g. If several Federations exist in a single country and practice Olympic wrestling styles covered by FILA, one of them only can be affiliated to the FILA. However, it is specified that, in the case of a unique Federation governing only the Olympic wrestling styles in a country and which does accept the management of traditional wrestling styles, it shall not be opposed to the recognition by FILA of National Traditional Wrestling Federations as associated members.

## **5.2. Associated Members**

With the aim of ensuring the development of wrestling worldwide and on the regional level, National Federations or National Sports Associations governing a non Olympic wrestling style (Traditional Wrestling etc) and having no relation at all with a possible National Federation affiliated to the FILA may be admitted as Associated Members.

The conditions for membership are the same as indicated in article 5.1.

- To adhere to the FILA Constitution and Regulations and to recognize the Court of Arbitration for Sport in Lausanne as the only external judicial instance.
- To promise to impose the above requirements on all its affiliated members and its members under FILA's competence.
- To agree to settle the membership fee(s) and due(s) as laid down in the FILA Financial Regulations.

Associated Members may attend the Congress as auditors. They shall not take part to the votes and decisions. The Associated Members may participate in all friendly competitions, wrestling tournaments on invitation. They shall not organize nor enter wrestlers for Olympic wrestling championships in Greco-roman, Freestyle and Female wrestling.

## **5.3. Autonomy of National Federations**

Affiliated or associated National Federations shall manage their internal affairs independently and make sure that no third party interferes with their functioning. They shall preserve their autonomy and resist to all political, religious or economic pressures that may offence their commitment to comply to the FILA Constitution.

Any external interference or external attempt to interfere shall be reported to FILA.

The control of governments shall be limited to the control of the use of their financial grants by the National Federations and under no circumstances should they interfere with the strategy and the functioning of the National Federations.

## **5.4. Independence of elections**

The Constitution of affiliated or associated National Federations shall provide an internal election or nomination system which guarantees a complete independence towards governments and other public authorities.

National Federations shall not accept that governments and other public authorities appoint members of the governing bodies of the National Federations.

However a National Federation may decide at its discretion to elect of representative of these authorities as a member.

In the same time a Federation may decide for instance that a limited number of seats within its management committee be taken by representatives of public authorities without right to vote since it is understood that members with a right to vote shall be exclusively elected by the General Assembly among candidates who are exclusively proposed by the National Federation members.

### **5.5. Compliance of Constitution**

National Federations shall compulsorily integrate the provisions of article 5.3 and 5.4 in their Constitution. Failing that, the National Federation will be suspended by the FILA Bureau who may delegate this jurisdiction to the Executive Committee.

The National Federations applying for affiliation or for the status of associated member who do not integrate these provisions in their Constitution shall not be accepted as affiliated or associated members of FILA.

The National Federations who are already members of the International Federation shall be granted a deadline by separate courier to integrate these provisions in their Constitution. Failing that, they will be suspended.

### **5.6. Associated Members**

FILA shall not recognize the bodies of the National Federations or the decisions of bodies that have not been elected or nominated in compliance with the provisions of article 5.5 here above.

If the situation has not been regulated within a certain deadline fixed by the FILA President, the National Federation will be suspended by the FILA Executive Committee.

### **Proposal adopted**

## **16. CALENDAR 2011-2012**

The attribution of the 2011 competitions by the FILA Bureau the day before the Congress is reviewed by the President, Mr Raphaël Martinetti.

The Bulgarian Wrestling Federation proposes its candidature for the World Championship veteran in Freestyle wrestling. The candidature is accepted and the competition is allocated to Sofia (Bulgaria).

The competitions and the 2012 qualifying tournaments are reviewed. The President thanks all the countries who have applied for the organisation of the Olympic Games qualifying tournaments.

No questions or remarks are added. The provisional calendar is accepted.

The President adds information regarding the Advanced School for coaches. For 2011 the Advanced School has been allocated to:

- Tehran for FS
- Rome for GR
- no candidature for FW

For 2012, the Advanced school has been allocated to:

- Canada for FW (before the World Championship FW)
- Sofia (BUL) for FS;
- no candidatures for GR

Finally information regarding the FILA Medical Symposium in Tunis is presented. This Symposium should take place in October 2011.

## **17. INFORMATION ON THE WORLD ANTI-DOPING CODE**

The President explains the reasons why this subject is on the agenda of the Congress. Indeed the IOC and the World Anti-doping Agency are becoming stricter therefore Mr Martinetti reminds the obligations of athletes included in the registered testing pool regarding their whereabouts as well as the therapeutic use exemptions (TUE) for all athletes.

## **18. INFORMATION ON ADVANCED SCHOOLS FOR COACHES 2010**

The Advanced Schools for Coaches 2010 will take place:

- Female Wrestling  
  
11 – 14 November 2010  
Ajinomoto National Training Center  
Tokyo (Japan)
- Freestyle

The agenda being adopted the FILA President Mr Martinetti welcomes all the delegates and thanks them for attending the Extraordinary Congress.

Before opening the Congress he gives the floor to the President of the Turkish Wrestling Federation, Mr Bekir Ceker, who welcomes all delegates and wishes them an excellent stay. He adds that everything has been set up to offer an exemplary championship.

The FILA President takes the floor to explain the reasons of this Extraordinary Congress. The IOC and ASOIF have required that some additions to the Constitution must be made and they mainly concern the conditions for sports bets. Some other amendments are also necessary and require a vote by the Congress.

Before going through the review of the Constitution, the FILA President adds that this World Championship is the most important ever organized and gathers 106 affiliated countries and about 900 wrestlers.

Mr Martinetti thanks the President of the Turkish Wrestling Federation Mr Bekir Ceker for the excellent organisation and the exceptional conditions of stay offered to the participants in five star hotels.

The FILA President asks the Congress delegates not to leave the hall at the end of the Congress in order to attend the calendar meeting which is also an important consultation. During this meeting, the FILA wrestling competition manager for the London Olympic Games Mr Daniel Robin will present a review of the preparation and the course of competitions.

## **1.Approval of the amendments to the FILA Constitution**

The Congress decides to review the amendments article by article and to adopt or reject them by a show of hands:

Article 1	adopted	Article 16 d	adopted
Article 3	adopted	Article 16 f	adopted
Article 5.5	adopted	Article 16 g	adopted
Article 8.1	adopted	Article 17	adopted
Article 11	adopted	Article 18	adopted
Article 13	adopted	Article 20	adopted
Article 14 g	adopted	Article 32	adopted
Article 16 a	adopted	Article 39	adopted
Article 16 c	adopted	Article 41	adopted

All modifications are adopted unanimously.

A version of the modified Constitution will be available on the FILA website.

## **2. Approval of the new regulations for Transfers from club to club for interclub competitions**

The delegate from the French Wrestling Federation asks that article 17 be clarified to avoid any confusion. The following wording is accepted by the Congress:

“A foreign wrestler transferred for an interclub championship may compete only, during his/her period of transfer, for the club to which he/she has been transferred for national and international interclub events and shall not compete for his/her club of origin in these same events. However he/she will be allowed to compete with his/her club of origin for other competitions”.

No other observation or modification being made, the regulations are adopted unanimously. The corrected regulations will be available on the FILA website.

## **3. Miscellaneous**

### **3.1 USA Wrestling proposal**

The Wrestling Federation of the United States proposes to fix the age limit for the refereeing instructors at 72 years and the age for the referees at 65 years.

The FILA Bureau recommends the rejection of this proposal.

The majority of the Congress accepts the FILA Bureau recommendation. The USA Wrestling proposal is rejected at the majority.

### **3.2 New affiliations**

FILA has received the affiliation requests from MOZAMBIC and NIUE. They are submitted to the approval of the Congress which unanimously approves.

The number of affiliated Federations is henceforth 172 and the number of associated Federations 3.

\*\*\*\*

As the agenda has been completely reviewed and no one asks to be allowed to speak, the Extraordinary Congress is closed.

**9. PRESIDENT'S REPORT ON THE FILA ACTIVITIES,  
THE DEPARTMENTS AND THE CONTINENTAL  
COUNCILS FOR THE PERIOD SEPARATING THE  
MOSCOW AND THE LONDON CONGRESSES**

## **9.1 PRESIDENT'S REPORT ON THE FILA ACTIVITIES FOR 2012**

---

The different Departments, World Committees for the styles associated to FILA and the Training Centres have made their own report, therefore I will limit myself, in this President's report for 2010-2012, to mention the significant facts and actions of a period full of activities for our Federation.

### **1. Functioning of the Secretariat and staff management**

The FILA Headquarter in Corsier-sur-Vevey works efficiently with a minimum staff with regards to the volume of tasks that are always increasing.

With twelve people, the secretariat manages all the administration and gets involved more and more in the organization of the championships. In the beginning of the year 2012, there have been not less than twenty-two competitions which have been conducted by the FILA staff and this creates an additional level of work.

The main issue for the administration lies in the indiscipline of National Federations that disrespect the entry deadlines or simply do not register; this considerably harms the organizers and causes useless extra work for the staff.

The legal commission has proposed a series of sanctions for those who do not respect the entries deadlines, the application for licences, etc. However FILA would benefit from more professionalism by the National Federations since the sanctions create additional work that would be better used for other tasks.

### **2. Management of competitions**

As mentioned before, FILA manages the Secretariat and the recording of 22 competitions (figures for 2012) per year. This involvement of FILA in the organisation of important competitions has allowed a better visibility of our championships and a better audience for our sport.

In addition to the video team and the secretariat that FILA provides to the organizer, if we add the coordinator for TV relations of the host country, the coordinator for the worldwide distribution and the responsible for the footage graphics, then the organizer is really relieved from all technical problems and may focus on all the other organisational issues.

All these actions combined make our competitions even more interesting like the World Championship 2011 in Istanbul.

### **3. Spectacular nature of wrestling and Wrestling rules**

Except a few details that still must be set up to make wrestling more attractive, the current wrestling rules are good.

Their enforcement by the referees and the coaches is still largely unsatisfying and all the problems that we face come from the poor enforcement of these rules.

During the 2010-2012 period, an information and a stricter control of the referees' work have allowed a clear improvement but much has still to be done.

After the London Olympic Games a working group has been created and shall review the modifications to bring for the next Olympic cycle. The modifications mainly aim at the respect of contact and the valuation of the points for a wrestler who takes risks.

The challenge, which allows the review of a decision by the wrestlers, has brought a plus in terms of justice in our sport. However one can find coaches who overuse this system and challenge even when they are persuaded that the points are exact only for using their right to challenge a decision.

This type of actions slows down the competition and creates a bad image of our sport. Besides we can hear many people who start requesting the limitation of the right to challenges.

#### **4. Place of wrestling in the Olympic program**

Despite many requests to the IOC by FILA, the quota of wrestlers in the Olympic program has not been increased for the London Olympics 2012.

However the IOC is opened to a discussion after London and FILA is already ensured to preserve at least the same categories and styles for the Olympic Games in Rio de Janeiro.

Despite the aforementioned FILA will have to present its arguments because it would be ridiculous to pretend, with currently 178 affiliated countries and a fantastic development of wrestling in the three styles in these countries, that FILA may not obtain more wrestlers and the parity of seven categories in Female wrestling, similar to Freestyle and Greco-roman wrestling.

#### **5. Technical assistance**

The finances of FILA, be it from the revenues derived from the IOC or the sponsors, are always used as best as possible and the assistance for less developed countries has become a priority for the Bureau.

In the period from 2010 to 2012, a number of countries have benefited from the financing of the wrestlers for the world and continental championships, the free supply of wrestling mats including their transport, the sending of coaches in collaboration with the Olympic Solidarity, educational material and videos, etc.

It is obvious that FILA cannot help deprived countries alone. For this reason, it is essential that the countries that are entitled to technical assistance for short or long term training camps must address the Olympic Solidarity in priority through their NOC. The Olympic Solidarity has numerous programs as well as important financial means and FILA give its agreement for each request and associates when necessary.

The National Federations must absolutely get in contact with their National Olympic Committee which is the first contact for all technical assistance projects.

#### **6. FILA Training centres**

The FILA has opened training centres on all continents from 2008 to 2012. These centres have two objectives: prepare as best as possible the elite of the countries which do not have structures adapted to the high level and train wrestlers who do not have a claim to high level but who may become, at the end of their training, leaders of our sport in their countries, regions or villages.

At the moment two of the centres work with satisfaction: the African Centre in Thiès (Senegal) and the European Centre in Sofia (Bulgaria). Both centres benefit from the important support of various FILA partners such as CONFEJES and the Olympic Solidarity for the Thiès Center and CELA for the Centre in Sofia. These entities support an important part of the financial cost that FILA would not be able to cover alone therefore they deserve the thanks from the entire wrestling family.

In Oceania, FILA works with the Olympic Solidarity to the financing of an itinerant coach who manages training camps in the different countries of the continent. This solution is not optimal and FILA is examining a solution for a permanent centre.

For Asian and the Pan-American continent, the contracts for the Doha and Rio centres have been signed and the centres are equipped. The functioning of the Doha Centre has started and Rio will be operational after the London Olympic Games.

The FILA puts high stakes on these centres as well as on the continuation of the work with the Olympic Solidarity, CONFEJES and *Olympafrica* for the future development of our sport.

## **7. Non-Olympic wrestling styles**

This subject is also detailed in this document but FILA can be proud of having achieved to gather all these new or ancient sports disciplines under its umbrella which are all derived or ancestors of Olympic wrestling. Pancras, Grappling, Amateur MMA, Traditional Wrestling or Belt Wrestling benefit from the FILA structure which guarantees their development and their necessary visibility.

All these disciplines organise their own championships and may participate under the authority of FILA to the “Combat Games”, the “Universiades” and other events which would have been impossible for them without the authority of FILA.

FILA recommends to all national federations that have not integrated and developed these disciplines yet to do so. It is their interest and helps gain importance within their National Sports Federations.

## **8. Training coaches**

While the training of coaches remains and must remain a national federations’ duty, FILA implements training as much as it can so that national coaches may improve their knowledge for the international level.

The Advanced School for Coaches organized every year in the three Olympic styles allows the coaches to have presentations on the analysis of techniques and the enforcement of the rules in the different competitions in addition to other current topics.

The classification in categories which indicates the level of the coaches is also an important element for the Federations through which they can assess their level. The awards for the best coaches after the world championship encourage the coaches to train wrestlers who take risks and who will make wrestling attractive.

The Coaches Association allows them to be heard and propose some solutions to FILA to improve the image of our sport.

## 9. Activity of the FILA Museum

During the period 2010-2012, the FILA Museum has hosted two great exhibitions retracing the activity of two important federations members of FILA.

In the period 2010-2011, Bulgaria, the federation that has organized the most FILA competitions and championships, has exhibited its champions, and in the period 2011-2012, the Russian Federation, at the occasion of a great event in the FILA headquarters' garden, declared the Year of Russia 2011 with the presence of all its great champions.

These two exhibitions have been greatly appreciated by the visitors of the FILA headquarter.

For the next period 2012-2014, FILA envisage an exhibition on Turkey and possibly on Iran.

Pour la prochaine période 2012-2014, la FILA envisage l'exposition de la Turquie et éventuellement de l'Iran.

## Conclusions

The topics mentioned in this report are only a part of the work done for wrestling by all actors who form our great FILA family.

Therefore I would like to thank them for their collaboration:

- All national federations that organise competitions and contribute to FILA's fame.
- The Continental Councils and all their members whose mission is to transmit the FILA messages on their respective continent.
- All the Departments and World Committees that, each of them on their own way, bring their contribution to FILA's work.
- All the FILA personnel that does not count its time or energy to reply to the demands of the members and ensure the follow up of all affairs.
- The FILA Bureau members for their contribution to the work and their trust which allows working in a nice setting and makes the work pleasant for everyone.

I thank you and I wish you great Olympic Games.

Raphaël Martinetti  
FILA President

## 9.2 DEPARTMENTS REPORT

---

### 9.2.1 Refereeing Department

The Refereeing Department has met several times in 2011 and 2012 and notably during the Olympic Games test event and in Belgrade during the 2012 European Championship where the Olympic referees were convened.

The referees' selection process for the Olympic Games has started from 2011 with the test event in December, the qualification tournaments in 2012 and the European Championship 2012 in Belgrade. These department meetings have of a crucial importance to ensure a refereeing of the highest possible quality for the Olympic Games.

To this end, the Olympic referees have been convened to Belgrade in March 2012 to be informed of the main requirements for the Olympics. It has been reminded that no rules modifications has occurred except in Greco-roman wrestling in which the beginning of each period in standing position must be enforced and in the case there is no score at 1'30" in the second period, the clinch will be cancelled and the period follows until 2 minutes.

The functioning of the Appeal Jury as well as the challenges, which are abusively used by the coaches and the number of which could possibly be limited after the Olympics, after the Olympic Games. Other reminders have been presented on the refereeing rules regarding the zone and the illegal holds among others. The video is used most of the time to study specific cases and review different rules.

Moreover the instructors' reports have been examined and the question of the consignment of referees' errors on the ad hoc form has been reminded. This system allows an object selection and control of the referees.

Raphaël Martinetti  
FILA President

## 9.2.2 Athletes & Hall of Fame Department

During the period 2010-2012 the Athletes & Hall of Fame Department has focused its work on the nominations and the organization of the Hall of Fame ceremonies. The inductees for the 2012 Hall of Fame are presented here under.

The FILA Vice-President and Head of the Department Mr Dziezdzic has taken part in the 5th IOC International Athletes Forum in October 2011 that took place in Colorado Springs (USA). Its mission was to encourage the International Federations to form Athletes Commissions and provide them with a platform in order to express their opinion. The topics discussed were the IOC athletes' career program, health, safety and security of athletes, the fight against doping and athletes' entourage among others.

Additionally the design of a forum reserved to athletes on the FILA website where they can express their opinion on technical issues (among them the wrestling rules) is in project.

### Inductees for the Hall of Fame 2012

**Dan Gable (USA):** In 1972 won an Olympic Gold medal at 149.5 pounds without surrendering a point. Gable coached the University of Iowa wrestling program to 15 NCAA team titles from 1977 through 1997. He is considered the most successful collegiate wrestling coach in the United States. Gable also led several U.S. World and Olympic Freestyle Teams from 1980-2000.

**Mario Saletnig (CAN)**, longtime Canadian referee and FILA Vice President, will be honored in the Leadership category. Saletnig will be joined by fellow Canadians Daniel Igali and Daniel Robin.

**Daniel Igali** is the first African-born black wrestler to win World and Olympic Freestyle Gold medals for Canada. Igali won a World title in 1999 and an Olympic gold medal at 2000 Sydney Games at 69 kilograms.

**Daniel Robin (FRA)** wrestled for France, but has lived and coached in Canada after finishing his competitive wrestling career. Robin was a World freestyle champion in 1967 at 78 kilos and won silver medals in both freestyle and Greco-Roman at the 1968 Olympic Games in Mexico City, the only modern era wrestler to win medals in both styles in the same Olympics.

**Gundrun Hoeie** of Norway is the women's freestyle inductee. Hoeie first entered international competition in 1987 and competed in six different weight classifications until her retirement in 2010. During her career she won World titles in 1989, '90, '93, and '98. She also claimed a World Silver in 1991 and bronze in 1999.

**Mnatsakaryan Iskanadaryan** of Russia claimed world titles in 1990, '91, and '94 in Greco-Roman. He captured an Olympic gold medal at the 1992 Barcelona Games at 74 kilograms. He is currently serving on the Russian Greco-Roman National Coaching Staff.

**Aldo Albanese (ITA)** is being recognized for his lifetime service to FILA as an international official. Albanese has worked for FILA in an official's capacity since 1970. He serves as the Vice President of the Italian Federation for judo, karate, Mixed Martial Arts and wrestling, and is a member of the Fila Ethical and Legal Committee.

The 2012 FILA Hall of Fame induction ceremonies will take place on Friday, August 3 prior to the beginning of the Olympic wrestling competition in London, England.

## 9.2.3 Technical Assistance & Development Department

In 2011 and 2012, FILA has reinforced its institutional partnerships through concrete actions on the field for the benefice of affiliated wrestling national federations and the wrestlers.

### I°. Consolidation of institutional relations with FILA's traditional partners, such as :

- IOC's Olympic Solidarity: as FILA's main partner the Olympic Solidarity allows many national wrestling federations benefit from a strong support be it scholarships for wrestlers, scholarships for coaches, host of experts in the countries or the financing of infrastructures for detecting young talents and training.  
On the continental point of view the Olympic Solidarity reinforces its collaboration with the development policy set up by FILA through the delivery of Olympic preparation scholarships for the best continental wrestlers so they can enter a FILA center to prepare themselves in good conditions for the London Olympic Games. This is how the FILA center in Senegal currently hosts 14 Olympic Solidarity scholarship holders which represents twice the number of wrestlers for the previous Olympiad.
- CONFEJES : the Youth and Sports Ministers Conference of French speaking countries is FILA's second institutional partner. Its intervention in favour of African French speaking countries is substantial and is illustrated by the following actions:
  - The attribution of Olympic scholarships to the best African wrestlers (currently eight CONFEJES scholarship holders train at the FILA Centre in Senegal)
  - The yearly organisation of two international training courses, one on the African continent and the other one in the Indian Ocean region. These training courses allow identifying young talents and integrate them to the FILA centre.
  - The grant of national "small scholarships" to help the wrestlers identified by the Youth and Sports Ministries in each country. The beneficiaries represent more the fifty wrestlers.
- ACNOA : This IOC structure gathering the NOCs of Africa and Indian Ocean is still a partner for FILA even if collaboration projects have not started yet.

### II°. New partnerships:

- The Olympafrica Foundation is supported by the IOC and ACNOA. Its aim is to allow young people, schooled or not, to be socially integrated thanks to sports. Olympafrica is present in 37 African countries with 51 local sport structures. Every year 8 million young people, children and teenagers, get trained to the proposed sports activities. Since 2011 wrestling is on the official program of all Olympafrica centres.

Mali, Senegal, Niger, Central African Republic are the first targeted countries for this collaboration.

- The Foundation Peace and Sport in Monaco. FILA is involved in numerous concrete actions on the field and is currently setting up a partnership with this foundation to help young people in countries that have experienced war and crisis situations to be socialized and respect citizenship values. Ivory Coast, Chad and Burundi are the first targeted countries for common actions.
-

### **III°. FILA Centres:**

- Africa : Senegal (Thiès). The FILA Centre has been running for six years. It gathers men and women from the entire Africa and the Indian Ocean. The technical management is provided by two FILA experts, one being Bulgarian and the other Nigerian.  
This year the FILA Centre hosts 24 scholarship holders: two are FILA scholarship holders, 8 from CONFESJES and 14 from the Olympic Solidarity.
- Europe : Bulgaria (Sofia). The FILA Centre in Sofia has opened recently and hosts European and Peruvian wrestler in the framework of their Olympic preparation.
- Asia : Qatar (Doha). This FILA centre has been opened in December 2011.
- South America: Brasil (Rio). This FILA centre will be opened in 2012 and will be permanently accessible to all wrestlers in the American continent and to all wrestlers in world for their Olympic preparation for 2016.

### **III°. Aid to National Federations:**

In the framework of its technical assistance program FILA has:

- Taken in charge, during 2011-2012, the wrestlers of certain National Federations with less financial means to allow them to participate in world and continental championships and gain an enriching experience for these countries.
- Has carried on with its policy of free distribution, transport included, of mats for countries with low financial means of the different continents.
- Has continued providing coaches for its partnership with the Olympic Solidarity.
- Has sent all Federation videos and education leaflets.

### **Conclusions**

All the development actions that are for the benefit of wrestling worldwide are personally managed by the FILA President who relies on the collaboration of the Continental Presidents as well as on the support of Mr Dumont, Mr Favori and the Directors of the Centres. All these people must be thanked for their involvement.

Raphaël Martinetti  
FILA President

## 9.2.4 Legal Department

In 2011 thirteen anti-doping rule violations have been investigated by the Federal Prosecutor and judged by the FILA Sporting Judge. The result management of the other cases has been conducted by the concerned national federation and/or by the National Anti-doping Organizations.

Additionally seven cases of filing failures (*failure to file required whereabouts or missed test*) have been managed by FILA.

Finally nine disciplinary cases have been prosecuted and judged by the FILA Sporting Judge and concerned violations of the Change of Nationality rules or violations to the compulsory participation to certain competitions.

In 2012, at the moment this report is being drafted, seven anti-doping rules violations have been investigated by the Federal Prosecutor and judged by the FILA Sporting Judge. Three of these cases have been appeal before the FILA Appeal commission.

Moreover the Legal Department met twice in 2011 and in 2012 to review legal issues and make recommendations to the FILA Bureau.

Michel Dusson  
FILA Secretary General

## 9.2.5 Marketing, Sponsoring, Press and Television Department

Despite two meetings the Marketing Department has not been able to find new sponsors and advertising contracts for FILA.

For the 2012-2014 periods a permanent office shall take care of the search in these two domains at all times and in a professional way.

The current sponsors are :

- Ata-holding, which has renewed its contract for 2013-2016 ;
- A donor from Russia without advertisement compensation
- A company from Kazakhstan
- The apparel and shoes company Asics
- Samsung for the equipment of the FILA headquarter

### 1. Long term agreements and TV distribution

In 2011, we had to check, both for the TV and for the internet, how things move. We have to find the best possible solution to expose our sport and get visibility for our events. We made a strong co-operation agreement with "Sports Unlimited, giving us access for all our events to Fox Sports USA, Español USA, Canada, Latin America, Middle East, Australia and Eastern Europe, together with ESPN Star Asia, AXN Spain, MNET Supersport in Africa, Sport Expressen-Sweden, RTM Malaysia, Sky Italia, SPH Singapore, SBS Korea. This adds 30 million viewers to our already large yearly TV distribution.

We are going on with the Eurovision agreement, for our European and World Championships. Unfortunately, Eurosport is not using any more our footage though they are rights holders and paid for this. Currently we try to find a solution for Baku.

This important change could drive to a new strategy in 2012: single negotiation in Europe and a technical agreement only with EBU trying to imagine how will be the situation in the next five years.

We are participating in the Sports + TV markets meetings, like Sportel Asia, Sportaccord and Sportel Monaco, where we can propose our programming and events to all possibly interested broadcasters. We are talking with many TV in Central Asia, and would like also to be helped by the national federation to fine tune the relation with them, like we do in Japan.

Americas and Africa (for different reasons) traditionally show less interest for Wrestling. This is the same in some important European territories. This is why also FILA regularly offers free programming formats to those countries not directly interested. This formats are ready to broadcast, and offered at no costs. This requires not a lot of money and this is an action done to promote and increase the presence of our sport in many new territories. Maybe in 2012, we will be able to have an agreement with Universal Sports, currently under negotiation.

Estimated audience measurement and evaluation shows that Wrestling events in TV can reach 400 to 500 millions people each year. We would like to increase this number by dealing a broadcast with CCTV in China, that's why we thought to make an offer to CCTV for a first year, just covering the

technical costs. This could bring our yearly audience to 800 million as any deal with CCTV brings obviously very large audience (CCTV 5). The return on investment, if we consider the value of these contacts is more than 1 to 10.

## **2. TV production and coordination**

The FILA TV structure works now on a good "cruise speed" with a Eurovision Coordinator on almost all events where TV is involved. From 2009, we include all the World Cup events.

- controlling the delivery of the signal by the host broadcaster, essential to keep quality at its best level
- coordinating with foreign rights holders broadcasters, pass them technical and press information
- Editing news reports
- Preparing highlights
- Before the event, surveying on site to prepare and train national TV teams.

This allows responding to our obligations with our different sales agreements.

## 9.2.6 Medical and Anti-doping Department

### A. Meetings

In 2011, the annual meeting of the Department was held during the World Championship in Istanbul. The current issues have been discussed in particular the fight against doping, the injuries, the organisation of medical care during the competitions and the competitions organizers' medical requirement.

The FILA Medical Symposium has also been held during the 2011 World Championship and was opened to all team doctors and other people concerned by medical issues in general in the sport of wrestling. Several topics have been presented during this symposium and they were distributed into five overall themes:

1. Injuries, disease and prevention
2. Diet & Dietetics
3. Doping : medical and legal aspects
4. Wrestlers and organizers' obligations
5. Sport and science

Managing the weight of wrestlers, skin diseases and their control before the competitions as well as the medical care to athletes have been largely debated during this symposium. However the lack of interest for this symposium by the team doctors present at the championship has been deplored.

### B. Competitions medical reports

It stands out from the reports of the medical delegate to the competitions for 2011 that the organizers have, in general, well respected the FILA medical requirements as provided by the FILA Health regulations.

Efforts by the organizers in conjunction with the National Anti-doping Organizations still must be done in the area of doping controls organisation, in particular in the allocation of space and personnel for this duty. Indeed the duration of the controls at some competitions has considerably increased because of the lack of enough space and collection assistants which consequently annoyed a number of wrestlers.

Furthermore, it has to be pointed out that very few serious injuries have been reported by the FILA medical delegates during the 2011 competition which a positive sign for our sport.

### C. Antidoping

In 2011 the World Anti-doping Agency has reviewed the anti-doping programs of all IFs to assess their compliance with the Anti-doping Code. FILA has been recognized as compliant with the Code and has fulfilled all requirements as regards the fight against doping. FILA will pursue its efforts in this field.

In 2011, the applications for the Therapeutic Use Exemptions (TUE) have considerably decreased since certain types of beta-2 agonists (salbutamol and salmeterol via inhalation up to a certain dose for the treatment of asthma) and glucocorticoids via non-systemic or by inhalation have been authorized by WADA: 7 TUE have reached FILA and only one has been refused.

For 2012, formoterol has been added as an authorized substance when administered by inhalation up to a certain dosage (refer to the Prohibited List 2012).

It is reminded here that all wrestlers taking part in a competition on the FILA calendar (i.e. all international-level athletes) shall obtain their authorization from FILA. The national-level athletes competing on the national level only may obtain their TUE from their National Anti-doping Organization. This authorization will be valid only on the national level.

In 2011, there have been 18 cases of anti-doping rules violation by international-level athletes and 12 cases of *Whereabouts failures* (Missed tests and/or filing failure).

**Figures:**

Total in 2011 (in and out-of-competition)	672
In competition tests	567
Out-of-competition tests authorized by FILA	57
Out-of-competition tests authorized by WADA	48
Adverse analytical findings	19
Atypical analytical findings	4
Adverse analytical findings with a valid TUE	1
Number of anti-doping rules violations	18

**D. Miscellaneous**

FILA has taken part in different meetings and conferences on sports medicine and anti-doping :

- March 2011 : WADA Symposium for Anti-doping Organisations (Lausanne, SUI)
- Meeting of the Presidents of IFs' Medical Commissions (organised by IOC – Monaco)
- March 2012 : WADA Symposium for Anti-doping Organisations (Lausanne, SUI)

Michel Dusson  
FILA Secretary General

## 9.2.7 Technical Department

The activities of the Technical Department for the period between 2010 and 2012 can be summarized in the following points:

1. Presentation of the conditions for the attribution of FILA technical assistance and the Olympic Solidarity.
2. Organisation of the FILA assistance by the Continental Councils in favour of the development of some federations.
3. Propositions for the improvement of the functions and the services of the Coaches Association.
4. Preparation and organisation of high level courses for FS, GR and FW wrestling at the FILA Advanced School for Coaches 2012.
5. Preparation of the French-English version of the book « Wrestlers Jokes ».
6. Analysis of Continental championships and the Olympic Games in each style and report to the FILA President and the secretariat.
7. Organisation of the annual meeting of the department on the occasion of the World Championship Junior.
8. Organisation of a FILA Technical and Methodical Symposium on the organisation of competitions and the preparation of elite wrestlers in the various Olympic styles wrestling.
9. Assistance to the Department «Masters and Promotions» to improve the activity and the implementation of the masters.

Ahmed Ayik  
Department President

Stephan Kazarian  
Departement Secretary

## **9.2.8 Report on the management of competitions and the Internet broadcast**

### **1) Video Challenge**

in 2011-2012, the priority regarding the technical development has been focused on the research of a new solution allowing the quick delivery of challenges in 99% of the cases at least. The previous solution (Tricaster) was heavy and difficult to use; it happened that the file were cancelled when they has to be shown. The new selected solution is Dartfish, which is a software implemented in laptops. It is very easy to use and to transport and it meets our expectations. It ensures a 99.6% ratio of successful challenges.

### **2) Time line and score**

Another evolution is the direct integration of the time line on the videos broadcasted on the internet. All along the year we have worked to get the time line as close to reality as possible. Currently there is less than 10 ms of delay between the live and the time published on the video. We can now allow the referees base themselves on the exact moment where an action happened to grant a point.

### **3) Video distribution**

The last important point is the new WebTV that we use. It offers solid advantages to what regards the selection of videos: keywords search. Indeed it was previously only possible to search for a video by competition, style and weight. It is now possible to search by name, country, competition, weight, style, etc. It is also possible to visit the WebTV on smart phones and on Apple products.

## **Current projects**

### **4) Licences system**

The system for licences will be technically re-designed. It will allow each country to connect on an interface and manage its licences, print supporting evidence, request new licences and send new wrestles/referees photographs.

### **5) Competition management system**

The currently used version of Heracles comes to the end of its cycle. A new competition management system will appear in the following months and FILA is reviewing the various solutions on the market to select the best one.

### **6) Integration of the points on the video**

The inclusion of points as markers in the videos will surely be an interesting progress for the coaches and the wrestling enthusiasts. It will be possible to select the videos by point scored and clearly watch the action during which these points have been scored.

## 9.3 CONTINENTAL COUNCILS REPORT

---

### 9.3.1 European Council report - CELA

Good results in the implementation of the CELA Programme have been obtained in 2011.

#### I. European Championships and European Cups

- EC Senior: FS wrestling – 163 athletes from 34 countries; GR wrestling – 197 athletes from 37 countries; women wrestling – 122 athletes from 30 countries
- EC juniors: FS wrestling – 145 athletes from 27 countries; GR wrestling – 178 athletes from 33 countries; women wrestling – 126 athletes from 29 countries;
- EC cadets: FS wrestling – 197 athletes from 23 countries; GR wrestling – 205 athletes from 33 countries; women wrestling – 155 athletes from 28 countries.

A total of 1488 female and male athletes (or by 184 more than in 2010) and 181 judges took part in the three championships. In the age groups seniors men/women and juniors were offered excellent conditions and the requirements of the FILA regulations were followed. With the cadets the food and accommodation were unsatisfactory, for that reason sanctions were imposed.

European Nations Cup (European Club Championships) in FS and GR wrestling was held for the first time in the history of CELA. 5 countries took part in the Greco-Roman style and 6 countries in the Free Style (in accordance with the team ranking at the EC in Dortmund). FILA confirmed this event as official championships that will take place at the end of each year between the national teams in FS, GR and W wrestling. Russia has undertaken to play hosts for 4 years.

#### II. FILA/CELA Centre

In 2011 the scope of activity at the Centre increased significantly. 340 persons made their preparation there (277 in 2010) - 277 athletes (190), 49 coaches (29) and 12 technical personnel and leaders (15) from 33 countries (21). 114 athletes and 22 coaches from 19 countries made their preparation in the Greco-Roman style for a total of 209 days. Other 131 athletes and 23 coaches from 25 countries spent a total of 255 days in preparation in free style wrestling. In women wrestling 32 athletes and 4 coaches from 10 countries prepared themselves for 169 days. Coaching sessions were held in Sofia, Bansko, Varna, Teteven, Belmeken, Kazanlak and Sliven. Partners of the foreign wrestlers at the Centre used to be athletes and coaches from the Bulgarian national teams.

Following the CELA programme, in 2011 at the Centre were hosted, free of charge, 28 athletes and 5 coaches from Slovenia, Montenegro, Holland, Macedonia, Bosnia/Herzegovina, Switzerland, Spain, France, Belgium for a total of 235 days.

From the athletes who trained at the Centre 4 won quotas for participation at the OG in London, other 53 – medals from World Championships for juniors and cadets, from Continental games and championships as well as from regional competitions.

From the beginning of 2013 the Centre will stage a 2- year special coaches school “FILA Licence Masters”.

### **III. International transfer of wrestlers**

In strictly abiding by the FILA Regulations CELA has registered 302 international transfers (6 less than in 2010). 300 of them are of athletes from Europe (1 each from Cuba and Mongolia) – split by countries: 49 each from Poland and Bulgaria; Romania - 43; Hungary - 38; Czech Rep.- 13; Russia, Greece – 11 each; Sweden, Georgia - 10 each; Armenia, Turkey- 9 each; Moldova - 7; Lithuania, Ukraine - 6 each; Italy, Slovakia - 4 each; Latvia, Norway - 3 each; Serbia, Croatia, Belarus, Grande Bretagne- 2 each; Macedonia, Estonia, Azerbaijan, Bosnia/Herzegovina, Albania, Finland, Denmark – 1 each.

These athletes were affiliated to clubs in Germany (280), France (12), Romania, Serbia – 3 each, Poland - 2, Georgia and Austria – 1 each.

The transfer management has been improved, especially in the contents of the necessary documents. There are still problems going on connected with the request for transfer certificate in unacceptably short terms as well as with the statute of athletes who had changed their nationality.

The extraordinary FILA congress in Istanbul passed amendments to the Regulations of international transfers. The new document is published on CELA site (as well as on that of FILA).

### **IV. CELA Executive Commission**

The commission held two meetings during the EC in Dortmund and working meetings in Zrenjanin (Serbia), Istanbul and Moscow. The basic items discussed were: the activity of the Centre in Sofia, the programme for assisting needy federations, the calendar and, particularly, the holding of the European Nations Cup in Moscow. The project of the Commission to stage a two-year special coaches school at the Centre was coordinated with the President and approved by the FILA Bureau. CELA is cooperating also in the drafting of the new texts of the FILA transfer regulations.

All members of the EC have taken part in its activity.

## **V. Priorities of CELA in the activity in 2012**

1. To improve the coordination and to enrich the contents of the common activity of CELA with the President and the Bureau of FILA
2. To widen the scope and to improve the quality of work of the FILA/CELA Centre
3. Within the possible, the EC to assist with specialists, methodical materials and financially the needy federations in Europe
4. To assist in the organization of the EC and Cup competitions. To render assistance to the FILA technical delegates
5. The management of the international transfer of athletes in wrestling to follow fully the FILA Regulations.

The basic task of CELA is to be an active, loyal and productive auxiliary institution of the FILA Bureau.

Tzeno Tzenov  
CELA President

**Important:**

- In the last years, 1 referees of I category and 3 of II category were increased and lost 03 of III category.
- Is necessary to emphasize that 36% of the countries do not have any FILA referee, which represents a great obstacle for the development of our sport in the continent.
- **Olympic Category:** Only 4 countries in America have referees in this category: Canada 1, Cuba 1, EE UU 3 and Brazil 1.

**6. NEW AFFILIATED COUNTRIES:** In the last 2 years, a new National Federation of the American Continent was affiliated to FILA, Jamaica. Consequently, CPLA counts now with 30 members.

**7. DISTRIBUTION OF THE FILA INTERNATIONAL REGULATIONS,** version 2009. This document was properly translated to Spanish and delivered for free to all affiliated countries.

**8. CPLA ADMINISTRATIVE OFFICES:**

Since year 2003, CPLA counts with administrative offices of their own in Guatemala City, which has all the facilities, such as: Secretary, telephone, fax, Internet, photocopier, etc.

**9. NEW CENTER OF DEVELOPMENT FOR OLYMPIC WRESTLING IN AMERICA:**

It is a project created to promote the development of our sport through the permanent organization of **courses, clinics and training bases**, in a joint effort between FILA and the Brazil Wrestling Federation, being the headquarters in the City of Rio de Janeiro. Also we counted in America with another Training Center guaranteed by FILA in Colorado Springs, USA.

Francisco Eduardo Lee Lopez was elect in the Assembly of the **Association of Pan-American Sport Confederations** (APASC), realized in the month of October 2011 in the City of Guadalajara, Mexico, like **General Secretary 2011-2015**, being the first leader of wrestling who occupies so high position in the sport of America

Lic. Francisco Lee  
CPLA President

### **9.3.4 Oceania Council report – OCAW**

The following report summarizes activities in wrestling that took place in 2011.

The Oceania Council of Associated Wrestling Styles (OCAWS) was only able to meet once a year and this was during the Oceania Annual Meeting held in Apia, Samoa. We welcomed our newest member Niue to the meeting. As of right now, we currently have 15 member countries who are a part of the Oceania and FILA family and I have to say this is a great accomplishment.

#### **1. The OCAWS General Assembly**

The Annual General Assembly Meeting was held at the Hotel Millenia Conference Room in Apia, Samoa on February 22, 2011. In attendance were 11 delegates from American Samoa, Australia, FSM, Guam, Palau, New Zealand, Kiribati, Nauru, Niue, and Samoa. Members welcomed our newest member Niue to the meeting. Tarkong read his report covering all aspects of activities by the Oceania Council in 2010. Treasurer Brian Stannett read his report and presented a statement of bank account activities to the meeting. Members recognized the technical assistance provided by FILA and ONOC. The Oceania Council Members provided an update and report on all activities undertaken in their home countries. While some countries were able to make real progress in their development programs, other countries continue to struggle.

Australia won the bid for 2012 Oceania Championships while Guam won the bid to host the 2013 Oceania Championships.

There were major concerns that the future Pacific Games & Mini Pacific Games do not have wrestling in the games. New Caledonia (2011) hosted the games and did not have wrestling, while PNG (2015) will host and they don't have wrestling either. This leaves us without major competitions in this major Pacific Competition.

#### **2. 2011 Oceania Championships (Apia, Samoa)**

We had a big turn out this year in Samoa. Attending the 2011 Oceania Championships were American Samoa, Australia, Guam, FSM, New Zealand, Palau, Kiribati, Niue, Marshall Islands, Nauru, and Samoa. The Honorable Prime Minister of Samoa, Tuilaepa Sailele Malielegaoi, welcomed all the athletes and participants before the start of the competitions. The Prime Minister in his speech demonstrated his commitment and promotion of the sport.

There were about 120 athletes competing during the Championships. The Championships was held at the Multi Sports Complex Gymnasium (Tuanaimito) in Apia, Samoa from February 23-25, 2011. The Oceania Championships was well organized and the Samoa Organizing Committee should be commended for a job well done. Once again, our focus for this year was the inclusion of the cadets, juniors, and female wrestlers. For the first time, we saw a female wrestler from Niue compete in the tournament. The Beach Wrestling event was also held for both male and female wrestlers that competed in the light and heavy weight division.

### **3. Grappling**

During our last meeting, our members agreed that we should develop grappling. FILA endorsed Grappling as it is growing considerably. Grappling was held at the 2012 Oceania Championships in Australia and will be included in the program for the 2013 Oceania in Guam.

### **4. Grappling Referees Course**

With the approval from FILA, Guam was able to host a Grappling Referees Course last year from August 27-28, 2011 with Mr. Larry Papodopoulos conducting the clinic. FILA covered the airfare for the instructor and this was a great success. Unfortunately, there was no funding to assist our members to participate but there were a lot of participants from Guam to include 1 participant from the FSM that attended and were certified as referees.

### **5. Oceania Training Center (OTC)**

Members agreed that Samoa would be the Oceania Training Center (OTC) over the next 4 years and to begin in 2011. However, Mr. Wallwork recently informed our members that they have withdrawn and now the bid will be opened to all members willing to establish and host an OTC in the country. A decision should be determined as to what country will be able to host the OTC later this year.

### **6. Oceania Coaching Course & Training Camp**

In 2010, FILA provided a \$10,000 subvention to OCAWS in order to assist with activities during 2010. At the same time, ONOC provided \$13,500.

In 2011, we were able to receive a \$10,000 subvention from FILA and \$20,000 from ONOC under the 2011 Development Grant. It hasn't been easy trying to organize this course but as we can see, we had 17 coaches that took part in the course with the exception of Solomon Islands and Tuvalu that were not able to attend. This was a great success for all the countries that participated in the course. Taking part in the clinic for the first time was our newest members from Niue and Nauru. The Coaching Course lasted for almost a week. Conducting the course was FILA Instructor Andon Sheytanov of Bulgaria. It was held throughout the day and involved lots of coaching techniques, physical training workouts, games, drills and activities. There were approximately 17 coaches that took part in the course. There were about fifty athletes involved in the training. The training was also intense and exciting. We want to thank FILA and ONOC for providing the necessary support to help Oceania.

### **7. 2012 Oceania-Africa Qualification Tournament**

This year the Oceania Continent will have to compete and attempt to qualify at the Oceania-Africa Olympic Qualification Tournament in Marrakech, Morocco. The date has been set for March 16-18, 2012. The first two male and two female wrestlers of each tournament of each Olympic weight category will qualify. The total number of athletes to qualify will be 36 athletes. All the other countries of all the continents who did not qualify in the Olympic Qualification Tournaments may participate in this 3rd and 4<sup>th</sup> International Qualification Tournaments. The qualification system this year will be very tough but those who participate in the Oceania Championships winning 1<sup>st</sup> place will have their travel costs paid by FILA.

## **8. FILA Bureau Meeting (Vevey, Switzerland)**

In my capacity as the President, OCAWS I was able to attend the FILA Bureau Meeting held at the Astra Hotel on June 04, 2011 in Geneva, Switzerland. During the meeting we discussed and resolved many issues. During the meeting, members reviewed the minutes of the Bureau meeting in Moscow 2010, FILA Constitution amendments, review of the national federation proposals regarding the age limit for referees, FILA Anti-Doping, information on the World Championships, London Olympics, Coaching Courses, reports on the Budget for 2011-2012, information on IOC Solidarity Grants 2010-2012, FILA Calendar, and other concerns. An exhibition dedicated to the history of wrestling in Russia took place at the FILA Headquarters. A copy of the minutes was sent out from FILA to all federations. Mr Martinetti mentioned that he will assist Oceania countries for the Oceania-Africa Olympic Qualification Tournament. Once again, Mr Martinetti mentioned that he will find a way to assist the Oceania region since the Oceania Championships and Oceania-Africa Olympic Qualification will take place in 2012. Mr Martinetti mentioned that he will support the OTC and will wait for OCAWS and/or Samoa to let him know when we need a coach at the OTC.

## **9. FILA Bureau Meeting (Istanbul, Turkey) September 10, 2011**

In attendance at the meeting were Mr. Raphaël Martinetti, FILA President, FILA Bureau members, and the Continental Presidents. Members reviewed the amendment proposals for the wrestling rules and Mr Martinetti indicated that they should be reviewed by the federations, coaches, and tested during tournaments. We discussed the situations concerning the recognition of Kosovo Wrestling Federation, the information provided on the London Test Event in Dec. 2011, review of the FILA Congress Meeting, IOC recommendations to the amendments of the constitution, FILA's contract with ATAholding, and other matters.

## **10. FILA Extraordinary Congress Meeting (Istanbul, Turkey)**

I attended the FILA Bureau Meeting held on September 10, 2011 at the Sheraton Hotel. I want to thank the Oceania Countries that attended the meeting to include American Samoa, Australia, Guam, Palau and Marshall Islands. It was important to take part in the Congress meeting so our FILA members could recognize and possibly meet some of our pacific countries at the meeting. We reviewed and approved the amendments to the FILA Constitution, new regulations covering the transfer of wrestlers, and the age limit for referees and instructors (rejected USA proposal to increase age). Niue and Mozambique was accepted as members and we now have a total of 172 members and 3 associated members.

There are many challenges that we will have to face in order to move forward and develop our programs. There are many issues of great importance that we must face in order for us to move forward in developing our sport not only in our own countries but also for the Oceania region.

## **11. 2011 ONOC General Assembly & Associated Meetings, Noumea, New Caledonia**

I was able to attend the Oceania National Olympic Committee (ONOC) and Olympic Sports Federation Oceania (OSFO) Meeting held in Noumea, New Caledonia from March 24-28, 2011. Once again, this important meeting was an opportunity for me to take part in the Trade Show that was held every day and this allowed me to expose our sport of wrestling to each of the NOC's, ONOC, and other invited guests. There were sessions that allowed member federations to break into groups to discuss and look at ways of developing our sport in the region. We looked at our stakeholders involvement in our sport and the way we contribute with our roles and responsibilities as NOC's, Federations, Pacific Games Council, ONOC, etc. There were a lot of presentations that took place during our Sport and NOC Development Workshop organized by OSFO. The OSFO Assembly Meeting was held on the first day as well as the ONOC Assembly Meeting. Many of the presentations included topics on Olympic

Solidarity, ONOC Sport Education Programme (OSEP), STOP HIV Programme, ORADO, ONOC Athletes Commission, ONOC Women in Sports Commission, ONOC Strategic Plan, 2011 Pacific Games, 2013 Pacific Mini Games, 2013 Australian Youth Olympic Festival and the 2014 Micronesian Games. Once again, I really have to thank FILA for their support in allowing me to take part in this important meeting as it will help our members understand what they need to do in order to develop wrestling in our Oceania region and to have access to the funding support provided to all sports.

## **12. 2011 World Championships & 1<sup>st</sup> Olympic Qualifier (Istanbul, Turkey)**

The Senior World Championships(1<sup>st</sup> Olympic Qualification) took place in Istanbul, Turkey with over 900 competitors representing 104 countries with the intention to win the first qualification places for the 2012 London Olympic Games. Among the 6 Oceania countries taking part in the WC were American Samoa, Australia, Guam, FSM, Marshall Islands, and Palau. A training camp was organized to allow our wrestlers to train in Turkey prior to the WC. Funding assistance from FILA and ONOC was provided for 1 athlete per country. FILA assisted with the ticket and accommodations cost (Turkey Federation) for 1 athlete while ONOC provided the cost for accommodations for 1 athlete during the training camp. Only American Samoa, Palau, and Guam were able to arrive about 2 weeks prior to the WC to train. In this World Championships, only the top 6 wrestlers qualified in this 1<sup>st</sup> Olympic Qualifier to go to London in 2012. I met with all of the Oceania wrestlers that competed and they agreed that they would need to work harder and receive better training over the next few months leading into the 2012.

## **13. 2013 Australia Youth Olympic Festival (AYOF)**

Australia will be hosting the 2013 AYOF from January 16-20, 2013. On April 08, 2011, OCAWS accepted the invitation for wrestling to take part in the AYOF. On October 30, 2011, after receiving an email from Andrew McAllister, I was able to confirm that Oceania should be able to meet the quota of 5 male and 3 female athletes supported by 2 team officials.

- Freestyle: Women - 49kg, 56kg & 65kg; Men - 54kg, 63kg, 76kg, 86kg & 100kg
- Cadets 16 - 17 years born between 1 January 1996 and 31 December 1997. (15 years with medical certificate and parental consent).

The AOC will provide and cover the cost of accommodation at designated AYOF Village. It will be the responsibility of your NOC/member NF to meet the cost of international travel to Sydney. It should be noted that the NOC's have to express their expression of interest. Members were urged to check with their NOC's to confirm your participation in the games as well.

## **14. Oceania Website**

Members were encouraged to update information on their Oceania Sport Website in order to share information within the Oceania Region and around the world.

## **15. IOC Scholarship & Other Grants**

Two athletes were awarded the IOC Scholarship in 2010 through their NOC's. There are Elgin Elwais (Palau) and Keitani Graham (FSM). I hope that in the future your federation will be more active in convincing your NOC's to select your athletes for a scholarship and/or grant.

I think our member federations need to take note of the IOC Grants that are available them through their NOC's and find out every information possible from your NOC's.

## 16. Conclusion

These are the activities taken during 2011. I would like to thank FILA, ONOC, OSFO and most of all our members and their respective NOC's for their continued support.

Yours sincerely,

John Tarkong Jr.  
President, OCAWS

### **Report of the statutory auditor on the limited statutory examination**

Dear Members,

As auditors, we have audited the accounting records and the financial statements (balance sheet, income statement and notes) of your association for the year ended 31<sup>st</sup> December 2011, which are attached.

These financial statements are the responsibility of the board of the association. Our responsibility is to perform a limited statutory examination on these financial statements. We confirm that we meet the licensing and independence requirements as stipulated by Swiss law.

We conducted our examination in accordance with the Swiss Standard on the Limited Statutory Examination. This standard requires that we plan and perform a limited statutory examination to identify material misstatements in the financial statements. A limited statutory examination consists primarily of inquiries of company personnel and analytical procedures as well as detailed tests of company documents as considered necessary in the circumstances. However, the testing of operation and processes and the internal control system, as well as inquiries and further testing procedures to detect fraud or other legal violations, are not within the scope of this examination.

Based on our limited statutory examination, nothing has come to our attention that causes us to believe that the financial statements do not comply with Swiss law and the articles of the association.

## **11. FILA INTERNATIONAL CENTRES ACTIVITY REPORT**

## 11.1 FILA/CELA EUROPEAN CENTER IN SOFIA (BULGARIA)

---

In 2011, the FILA/CELA European Wrestling Center has expanded and has improved its activities. The organization was been improved and the number of wrestlers in preparation has increased. The guidelines of FILA and CELA for eliminating the mistakes of previous years were satisfied. The coordination of effectiveness between the Bulgarian Wrestling Federation and the two international bodies has improved.

### I. Participation

During the past year at the Center 340 people took part in the preparation process (277 competitors, 49 coaches, and 12 officials). They represent 33 countries, which have 81 recorded visits (in a group and individually, see Table №3).

In comparison to 2010 (a total of 190 people, 146 competitors, 29 coaches, 15 officials, representing 21 countries) these numbers can be evaluated as satisfactory.

The quality of the preparation is illustrated by the fact, that after the training process in Sofia, two competitors from Venezuela (74kg FS and 60 kg GR) and one from Croatia (84kg. GR) earned quota places at the World Championship in Istanbul for participation in the Olympic Games in London. Over 50 of the other participants won medals from the Junior and Cadet World Championship, championships in Asia and Africa, Pan American Games, Arab Games, and other championships (see Table №1).

The holding of bilateral team meets for the participants during their stay in the Center has become an established practice (see Table №2).

### II. Activities carried by the Center

Competitors in all three styles were trained in the European Center.

Greco-Roman wrestlers worked for 209 days. 114 athletes with 22 coaches from 19 countries – USA, Spain, Algeria, Korea, Romania, Japan, Tunisia, Honduras, Switzerland, Croatia, Italy, Mexico, Chile, Austria, Venezuela, Jordan, Peru, Egypt, and Slovenia. The teams from Mexico, Spain, Tunisia, Jordan, and Venezuela visited the center twice.

The most active months were February, March, April, August, and September.

During the months of January, June, July, October, November, and December there were athletes training at the Center as well.

Female wrestlers worked for 169 days. 32 athletes with 4 coaches from 10 countries – Switzerland, Spain, Tunisia, Italy, Mexico, Venezuela, Montenegro, Senegal, Poland, and France took part. The attendance was the highest during the months of January, February, March, and August. During the other months of the year - April, May, July, November, and December the attendance was lower.

The largest volume of work and attendance belonged to freestyle wrestling. Freestyle wrestlers, who trained there were 131, accompanied by 23 coaches from 25 countries. The sum total of working days was 255.

The countries, which participated in the freestyle training were 25 - USA, Spain, Korea, Japan, Holland, Tunisia, Russia (Yakutia), Honduras, Belgium, Senegal, Switzerland, Italy, Mexico, Monaco,

Chile, Germany, the United Arab Emirates, Venezuela, Albania, Great Britain, Peru, Macedonia, Cypress, Jordan, and Egypt.

The Center used 7 sporting facilities during the last year. The busiest facility was Diana sports complex, Sofia. During the reported period 158 people from 20 countries trained for 255 days.

The sporting facilities in Bansko attracted more wrestlers during the months of July, August and September, preceding the World Championship. 49 athletes from 11 countries trained for 125 days in total at this mountain facility with favorable conditions during the summer month in Bulgaria.

The city of Varna hosted an international junior tournament. The European Wrestling Center organized a preparation camp-meet prior to this tournament, which attracted 49 athletes and coaches from 4 countries. The camp-meet lasted 17 days.

The high-mountain sporting facility in Belmeken held two camps for each of the two wrestling styles - freestyle and Greco-Roman – for a total duration of 55 days. It brought together 38 participants from 7 countries.

The town of Teteven, where is located one of the more modern sporting facilities, 4 preparation camps with 15 attendees from 5 countries were organized. The camps lasted a sum total of 31 days. Preparation camps were held in Kazanlak (5 participants from Macedonia attended a week long preparation for The European Championship) and in Sliven (12 United Arab Emirates athletes trained for 10 days).

The above listed sports facilities provided to all participants accommodation, food, arrival and departure assistance, training partners, transport, etc.

The high level of the wrestlers in attendance, allowed them to train alongside the national team of Bulgaria as well as those of other countries, which were training during the same period. In the cases when the national teams of Bulgaria were not available, the Center provided highly qualified wrestlers belonging to major sports clubs, the National Sports Academy, athletes from sports schools and athletes from other clubs in the country.

The foreign wrestlers, who stayed at the Center for preparation took part in international tournaments organized by the Bulgarian Wrestling Federation: in the international Greco-Roman and freestyle wrestling “Dan Kolov” and “Nikola Petrov” (freestyle – Japan, Senegal, Korea, Russia, and Tunisia, Greco-Roman style – Algiers, Honduras, Jordan, Japan, Romania, Korea, and Tunisia, women – Tunisia and Switzerland), “Petko Sirakov – Ivan Iliev” (freestyle – Italy, USA; Greco-Roman style - Croatia, Honduras, Italy, USA; women – Italy).

### **III. Other Activities**

During the preparatory training in the Center, medical care was extended to wrestlers from Germany, Switzerland, Venezuela, Peru, Russia, Mexico, Macedonia, Cypress, and Egypt. For the recovery of the athletes (minimum twice a week) sauna, massage, and physical therapy were provided.

The Center organized various cultural and tourist initiatives for the guests as well as participation in the Beach Wrestling Cup at “Grand Hotel Varna”. The Mexican team visited the sporting facility in Teteven, the Teteven Mountains, the Rojen monastery and various other places.

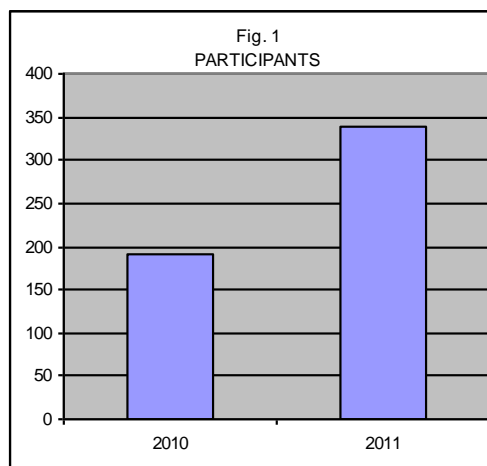

#### IV. Comparative Analysis

In order to present the activity of the Center more clearly we have prepared a comparative analysis of the data from the last two annual reports. The analysis unquestionably shows an increase in all of the attendance data.

## 11.2 FILA AFRICAN CENTER IN THIÈS (SENEGAL)

---

In the framework of its policy of promotion of Olympic wrestling in emerging countries, FILA, under the impetus of the President Mr Martinetti, has set up a International Olympic Wrestling Center in Senegal in 2006.

Located in Thies, at 70 kilometers from Dakar, the FILA Center in Senegal has been largely involved in the preparation of the guests athletes for the international competitions.

### I. 2010 STATEMENT OF ACTIVITIES

In 2010, 11 wrestlers among whom 3 based at the INSEP in Paris have regularly visited the Center. Thanks to the help of FILA and its institutional partners (Olympic Solidarity, Confejes), they have been able to take part in the African Championship in Cairo with the following results:

Wrestler	Category	Medal
Annabel Ali Laure	72 KG	Gold
Isabelle Sambou	51 KG	Gold
Jacira Mendonca	59 KG	Silver
Marie Anne Joyce Milazar	65 KG	Bronze
Rafali harisolo Judicael	63 KG	Bronze
Augusto Midana	74 KG	Gold
Adama Diatta	55 KG	Silver
Hugues Thierry Onanena	120 KG	Silver
Bienvenu Andriamalala	55 KG	Bronze

Only Mr Henry MOKI did not win a medal.

The World Championship in Moscow has allowed them to assess their way towards the world elite. Besides the globally positive sports results, 2010 has been marked by the Board meeting of the FILA Center on October 29 which officialised the implementation of the Center in Senegal through the signature of an Agreement between the state of Senegal, represented by the Sports Minister Mr Faustin Diatta, and FILA, represented by its President Mr Martinetti.

Among other measures, the Board has not renewed the grants of Mrs Marie Anne Joyce Milazar (Mauritius) and Mr Henry Moki (CMR) because their poor results.

### II. 2011 STATEMENT OF ACTIVITIES

In 2011, the number of athletes in the Center has increased from 11 to 21 with 8 grants granted by the CONFEJES, 11 by the Olympic Solidarity and 2 by FILA.

FILA has also borne the expenses of the athletes in the Center for the Dan Kolov tournament in Bulgaria, the City of Tourcoing tournament in France and the African and World Championships.

## **II.1 City of Tourcoing tournament (France)**

On February 26, 2011, 4 wrestler of the Center have taken part in the 7<sup>th</sup> City of Tourcoing tournament in Female wrestling:

- MUAMBO REBECCA NDOLO (48 Kg)
- JACIRA FRANCISCO MENDONCA (55Kg)
- RAFALIHARISOLO MAMINIRINA JUDICAEL (63Kg)
- Datty GONGA TARA AGOUE SYLVIE MICHELLE

## **II.2 Dan Kolov tournament (Bulgaria)**

On February 26 and 27, 2011, Mrs Isabelle Sambou and Mrs Adama Diatta have taken part in the Dan Kolov tournament in Bulgaria.

Mrs Isabelle Sambou has won the Gold medal in 51 kg.

## **II.3 African Championship**

The African Championship has been preceded by the organisation of a CONFEJES club tournament in Thies with wrestlers from Burkina Faso, Mali, Niger, Chad, Mauritania and Senegal.

The wrestlers of the FILA Center, in particular Female wrestlers, have achieved good results at the African Wrestling Championship in Dakar on May 27, 28 and 29, 2011.

In Female wrestling, four gold medals have been won in the 48, 51, 59, and 72 kg categories. A silver medal has been won in the 67 kg and a bronze in the 59 kg.

In Male wrestling, a gold medal has been won in the 74 kg, three silver medals in 55 kg, 66 kg and 120 kg and two bronze medals in the 60 and 66 kg.

## **II.4 World Championship**

The wrestlers of the Thies Center have taken part in the World Championship in Istanbul under the technical responsibility of the experts Mr Nicolay Georgiev Minchev and Victor Ayaokpo Kodei.

They were able to prepare in a training camp in Istanbul one month before. This camp was entirely paid by FILA.

Only 3 wrestler out of 21 have achieved satisfying results:

- Mrs ANNABEL ALI LAURE : 5<sup>th</sup> (out of 30) and qualified for the London OG
- Mrs ISABELLE SAMBOU : 10<sup>th</sup> (out of 40 – she nearly got her OG ticket)
- Mr MIDANA AUGUSTO : 14<sup>th</sup> (out of sur 40 – he nearly got his OG ticket)

## **III. 2012 STATEMENT OF ACTIVITIES**

Five new wrestlers have been admitted in the Center:

- MALAL NDIAYE (Senegal) : FILA grant trial
- CLAUDE RAVINA RICAUD (Mauritius) : FILA grant test

- GUILLAUME JOSEPH JOCKENSON (Mauritius) : FILA grant test
- NYKOLA DIATTA (Senegal) : FILA grant test
- ABDULAI ROGERS (Sierra-Leone) : Olympic Solidarity grant

In 2012, the main activities were the technique and tactic preparation for the African Championship and the Olympic Qualifying tournament in Marrakech.

In this purpose, four of the best wrestlers in the center have been able to participate in a preparation camp and in a high level competition in Krasnoïarsk. This opportunity was entirely financed by Mrs Yariguina, FILA Bureau member.

### **III.1 African Championship**

From March 12 to 14, 2012, all the wrestlers of the Center, except Mr Ravina due to an elbow injury, have taken part in the African Championship in Marrakech. The results are as follows:

- MUAMBO REBECCA NDOLO : Gold medal
- ADAMA DIATTA : Gold medal
- MIDANA AUGUSTO : Gold medal
- SABELLE SAMBOU : Silver medal
- MALAL NDIAYE : Silver medal
- BIENVENU ANDRIAMALALA : Silver medal
- SHIKONGO ANGULA MATHEUS : Bronze medal

### **III.2 African/Oceanian Qualifying tournament**

Five wrestlers of the Center have qualified for the London Olympic Games:

- Mlle ISABELLE SAMBOU : 1<sup>st</sup> in 48 kg category
- Mlle JACIRA FRANCISCO MENDONCA : 1<sup>st</sup> in 63 kg category
- Mr MIDANA AUGUSTO : 1<sup>st</sup> in 74 kg category
- Mr MALAL NDIAYE : 2<sup>nd</sup> in 120 kg category
- Mr SHILIMELA NAATELE : 2<sup>nd</sup> in 55 kg category

**The total of qualified wrestlers from the Center for the Olympic Games is now 6, with the qualification of Mrs ANNABEL ALI LAURE in Istanbul in 2011.**

With the agreement of FILA, 5 wrestlers of the Center likely to qualify for the Games are entered in the qualifying tournaments in Taiyuan and Helsinki.

## **IV. ADMINISTRATIVE ASSESSMENT**

Among other activities, we have:

- Proceeded in time with all FILA correspondence.
- Hold weekly coordination meetings with the technical staff and the wrestlers delegates and monthly meetings with all wrestlers
- Requested and obtained from the Minister of Interior the prolongation of visas for the wrestlers until October 31, 2011
- Requested and obtained the visas for the competitions abroad

- Sent all international competitions participation report with the results to FILA, Confejes, the Olympic Solidarity, the NOCs and the National Federations of the countries that have a wrestler at the center.

The collaboration with the institutional partners such as Confejes and the Olympic Solidarity has been excellent. They all positively responded to the Center's and FILA's expectations.

However, the relations with the Presidents of the national federations that have a wrestler in the center have been difficult. Indeed they do not reply to their emails and most of the time it is difficult to reach them. Only the Presidents of the Federations of Chad, Madagascar and Namibia have been in constant contact with the administration of the center.

We have also noted that the Federations do not make efforts for covering the expenses of their wrestlers at the occasion of international competition, such as the provision of equipment and daily allowances. They must admit that the role of the center is to put the wrestlers in the best conditions of performance and cover their transport expenses only.

## **V. FINANCIAL STATEMENT**

FILA ensures the financial management since 2010. Our role is to forward monthly invoices established by the service providers of the center to the FILA financial services.

## **VI. ASSESSMENT AND PERSPECTIVES**

The efforts made by FILA and the center have led to the qualification of six wrestlers to the Olympic Games.

This performance has been made possible thanks to the fertile partnership between FILA, CONFEJES and the OLYMPIC SOLIDARITY.

The FILA Center in Senegal is still eager to satisfy FILA and its institutional partners. To do so it is necessary to clearly define its status that is currently hybrid. Is it a Training Center or an Excellence Center?

With the option of a Training Center, we must select very young wrestlers with a certain progression margin.

With a status of Excellence, we must admit only the best wrestlers of the continent.

The current scope of the centre recommends:

- The consolidation of the permanent contact between the coaches of the centre and the coach from Senegal
- The allocation of a budget for the functioning of the centre
- The implementation of a selection system which favours the "youth" criteria
- A school or professional training for wrestlers

FILA shall also focus on the reintegration issue into the socio-economic context of the left country by wrestlers who leave the centre. Besides the school and professional training we suggest that FILA allocates a fund for the wrestlers ending their career and awards them a coach diploma.

## **12. ASSOCIATED DISCIPLINES REPORT**

## 12. ASSOCIATED DISCIPLINES REPORT

---

The non-Olympic styles have experienced a period of fast growth since 2010. The regulations have consolidated, the calendar has expanded to incorporate more international competitions and the number of National Federations and Committees has doubled since the last Congress in Moscow. Such progression is due to Ms. Anne Pellaud's hard work in coordinating all non-Olympic activities.

### 1. Grappling (Gi and No-Gi), Pankration, Amateur Mixed Martial Arts

2010 was marked by the inclusion of Grappling and Pankration into the programme of the World Combat Games held in Beijing in the same venue as the 2008 Olympic Games. The new concept of "Games belonging to the International Federations" that was launched by SportAccord gave a great momentum to our non-Olympic styles that were propelled to the highest summits. The organising and hospitality conditions were similar to those provided by the Olympics and motivated the National Federations to take the next step in view of qualifying their athletes and referees. Several new countries joined the World Grappling & Pankration Committee, that is: Poland, Azerbaijan, Kazakhstan, Mongolia, Belarus, Russia, Montenegro, Moldova, Finland and Sweden, which modified the distribution of strengths, notably with Poland that not only organised both the 2010 European and World Championships but also won all team competitions during the year.

The World Combat Games also called for the implementation of a better training system for the referees in view of their upgrade and qualification for Beijing, as well as the extension of the FILA anti-doping programme to the non-Olympic styles.

2010 was also marked by the launching of the World Ranking of Athletes through the establishment of a point system based on the results obtained at the Grand Prix tournaments, Continental Championships, and World Championships. The concept also provides for a financial programme which enables to collect funds to be re-distributed to the winners of each style. The 2010 World Ranking was topped by Maciej Polok (POL) and Océane Talvard (FRA) in No-Gi Grappling; Grzegorz Kloc (POL) and Karolina Zawodnik (POL) in Gi Grappling; Oleksandr Vysotskyi (UKR) and Galyna Mateichuk (UKR) in Pankration. The 2011 World Ranking was topped by Dmytro Baranov (UKR) and Océane Talvard (FRA) in No-Gi Grappling; Piotr Baginski (POL) and Océane Talvard (FRA) in Gi Grappling; Dmytro Baranov (UKR) and Anna Bezhenar (UKR) in Pankration; Oleksandr Dosalchuk (UKR) and Anna Bezhenar (UKR) in amateur MMA.

The "FILA Approved" programme was implemented in 2011 with the aim of certifying gear in order to foster greater homogeneity during competitions and enhance athletes' safety through the use of tested and complying products. The programme also aims at offering better sponsoring opportunities to the teams and financial opportunities to the National Federations. A webshop was released to present and make the approved products easily available: [www.fila-approved.com](http://www.fila-approved.com).

The beginning of 2012 was marked by a technical and operational meeting held at the FILA headquarters in view of outlining the development strategies for the next four years. The regulations of all disciplines were reviewed and updated, the qualification system for the 2013 World Combat Games was established and programmes to support non-affiliated countries were designed. The meeting most particularly insisted on the necessity to implement a unified training programme for the coaches and athletes (belt system), a unique licence reporting the various belt graduations the merging of the Gi Grappling rules with the Brazilian Jiu-Jitsu rules. The latter point reflects a strong demand from National Federations managing Grappling and MMA which all counts Brazilian Jiu-Jitsu clubs as

members and would to allow their athletes to compete in the international competitions under their rules of preference.

## 2. Traditional Wrestling

The period 2010-2012 revolved around the restructuring of the World Traditional Wrestling Committee in view of incorporating all regional, national and international federations governing a traditional wrestling style. The mission pursued by FILA consists in the protection/promotion of the cultural heritage carried over by these timeless wrestling styles, but also to give athletes opportunities to exchange and compete under unified rules during continental and world championships. To date, agreements were signed with the International Federation of Celtic Wrestling, the International Federation of Wrestling on Belts Alysh, the International Federation of Kazakh Kuresi, the International Association of Tatar Belt Wrestling Kores, the International Zukhaneh Federation, the Congolese Kabubu Federation, the US Folkstyle Committee, the Regional Federation of the Yakut People "Sakhaada Sport", and the Regional Federation of Khanty-Mansi Wrestling.

The World Committee's new development strategies and unified rules were presented on the occasion of the Traditional Wrestling Symposium held in Palanga (LTU) in May 2011. The event brought together 20 experts representing 15 countries.

A category of belt wrestling was part of the programme of the World Combat Games organised by SportAccord in 2010 and belt wrestling competitions will take place during the XXVII Summer Universiades that will be held in Kazan (RUS) in July 2013.

# **13. FILA ACTIVITY PROGRAM FOR THE PERIOD 2012-2014**

## 13.1 FILA WORK PROGRAM 2012-2014

---

### Introduction

The activity program which is submitted to you for the 2012-2014 period presents only the guidelines at which FILA's activities shall aim for the period that is fronting us.

They may be modified and some priorities may be added in function to the requirements of the moment in accordance with the FILA Bureau and the future Congress.

However these guidelines apply to all FILA bodies – Bureau, Departments and Continental Councils – towards all our efforts must tend.

### 1. Control of finances

Despite its sound finances, FILA shall be on watch of a strict control of its finances and a rigorous control of its funds in order to ensure on the long term all actions engaged to this date and those projected.

### 2. Search for new sponsors

FILA has a sponsoring contract with Ata Holding which has already been renewed for the 2013-2016 period and which allows us to cover a part of our technical assistance actions. This company deserves our thanks but we must widen the circle of our sponsors to be able to increase the support to the national federations.

Except Ata Holding, FILA has other sponsors in Russia, Kazakhstan and Japan, but we can do better with long term sponsors to sustain the activity of the Continental Training Centres.

### 3. Attractiveness of Olympic Styles

Great progress has been made to make the Olympic Styles more attractive for the media and the spectators. However, as promised, the commission appointed by the FILA Bureau shall review, after the London Olympic Games, the possible and necessary improvements without modifying the fundamentals which allowed wrestling to remain attractive in the Games program.

The modifications shall focus on the obligation of contact at the beginning and during the bout as well as on the promotion of risk.

### 4. Consolidation of the FILA Centres

The FILA Training Centres of all continents shall be a 100% operational in order to decrease the level differences between the various countries and continents.

The possibility to open regional centres must be examined.

## **5. Technical assistance**

The continuation of the technical assistance policy for disadvantaged countries shall be maintained or even increased in function to financial possibilities.

## **6. Affiliation of new National Federations**

To this date, FILA counts 175 affiliated national federations despite the fact that wrestling has always existed in all countries of the world. An effort must be made by FILA and its Continental Councils to achieve that all countries having a National Olympic Committee be affiliated to FILA with an active federation.

## **7. Web TV**

FILA makes great efforts to offer for free live wrestling of the website with all world championships, world cups and senior continental championships.

An effort on advertising must be made to let this service be known to all national federations. The possibility to extend this service to junior and cadet continental championships shall be examined.

## **8. Television**

FILA must keep working to get televisions of countries entering wrestlers in world championships, cups and continental championships interested by proposing bouts of their wrestlers daily to the national channels instead of proposing global live broadcasts.

## **9. Training of international referees**

FILA must examine the possibility of creating a group of professional or semi-professional referees to ensure a refereeing level that is totally correct and compliant with the rules.

## **10. Wrestling masters**

Put in place the masters system efficiently which, alone, may interest new members for clubs and countries without compulsorily going through competition.

## **11. Valuation and control of national coaches**

FILA must examine the possibility to require from the coaches who come with the teams to the various competitions that they hold an international licence which would entitle them with the same rights and obligations than referees and wrestlers.

## **12. Non Olympic wrestling styles**

As you may notice in the report on the different styles FILA has made a long way to gather all existing wrestling styles under its banner. A consolidation effort of these various styles still must be done to ensure that world and continental championships in all associated disciplines are organized.

### **Conclusion**

All these propositions are objectives the FILA Bureau shall aim at in addition to all other tasks defined by the Constitution and the Regulations.

Raphaël Martinetti  
FILA President

## 13.2 CELA WORK PROGRAM

---

### I. Priorities

## 17.2 WORLD WRESTLING ACADEMY IN MOSCOW

---

Oral presentation by the 1<sup>st</sup> Vice-President of the Russian Wrestling Federation, Mr Bryusov.

## **18. INFORMATION ON THE WORLD ANTI-DOPING CODE**

## 18. INFORMATION ON THE WORLD ANTI-DOPING CODE

---

### World Anti-doping Code

Every two years a World Anti-doping Code compliance report prepared by WADA is presented to WADA's Foundation Board in order to monitor the acceptance, the implementation and the enforcement of the Code by all anti-doping organisations (ADO) – International Sports Federations, National Anti-doping Organisations, Organizers of major events, etc.

In November 2011, WADA's report has established that FILA, among other ADOs, is fully compliant with the Code.

The World Anti-doping Code is currently being revised and this process is divided into three phases that will end with the adoption of the new Code at World Conference in Johannesburg in November 2013. During these different phases, all international Federations will be consulted and a new version of the World Anti-doping Code will enter in force on January 1, 2014.

As regards the prohibited list, it is revised annually. In 2011, FILA has decided to retire beta-blockers as a substance prohibited in wrestling due to the absence of effects on the performances of wrestlers. Further to this request, this substance has been removed from the list as of January 1, 2012. It has to be noted that the new prohibited list for next year will enter in force as of January 1, 2013.

### Requirements for wrestlers

We wish to remind once again the importance for each wrestler in the FILA registered testing pool to submit thorough and precise whereabouts and update them whenever necessary to avoid missed tests that may lead to a 12 to 24 months ban in the case three missed tests are declared within eighteen months.

We also underline that these wrestlers are responsible for the accurateness of their whereabouts.

Additionally, we remind that all wrestlers in the registered testing pool as well as all wrestlers entered in an international competition in the FILA Calendar must compulsorily request their Therapeutic Use Exemption to FILA if their state of health requires the taking of a prohibited substance.

Finally, we draw your attention on the fact that a number of diet supplements sold on the market may contain prohibited substances and cause, besides negative effects on health, positive doping controls.

More information is available on the FILA and WADA websites.

### C. Athlete Eligibility

ATHLETE ELIGIBILITY
<p>All athletes must comply with the provisions of the Olympic Charter currently in force and only those athletes who have complied with the Olympic Charter may participate in the Youth Olympic Games.</p> <p>To be eligible to participate in the Youth Olympic Games, athletes must be born between 1 January 1997 and 31 December 1998.</p> <p>Athletes must also be affiliated to a National Federation which is a member of FILA and must possess a 2014 FILA licence.</p>

## D. Qualification system

### QUALIFICATION PATHWAY

For each qualifying event, the qualification places obtained for the Youth Olympic Games will be allocated to NOCs.

FILA will organise a qualification tournament within each continent during the month of May 2014.

For each wrestling discipline, the places obtained for the Youth Olympic Games will be awarded to the highest ranked athletes at each of the qualification tournaments, in accordance with the following quotas:

#### Places per continent

	<b>Freestyle Men</b>	<b>Greco-Roman Men</b>	<b>Freestyle Women</b>
Europe	2 per category	2 per category	2 per category
America	2 per category	1 per category	1 per category
Asia	1 per category	2 per category	2 per category
Africa	1 per category	1 per category	1 per category
Oceania	1 per category	...	1 per category

In the event that NOCs have qualified more participants than allowed for by the NOC quota, they must confirm, by 8 June 2014, the categories in which they intend to enter an athlete. The next best ranked athlete, in the respective weight category where an athlete previously qualified, will obtain a place as long as it falls within the limit of five (5) athletes (4 men and 1 woman) per NOC.

### HOST COUNTRY REPRESENTATION

In order to guarantee the representation of the host country in the case where China has not qualified the two wrestlers maximum authorized per style at the Asian qualifying event, the two best ranked will be moved to the second place.

### UNIVERSALITY PLACES

To be eligible to receive Universality Places, athletes must comply with the Eligibility criteria as defined under point C. of this document.

In order to ensure the ideal number of eight (8) wrestlers per category (compulsory in the FILA direct elimination system), a maximum of one (1) or two (2) wrestlers per event will be chosen.

## E. Confirmation process for quota places

### CONFIRMATION PROCESS FOR QUALIFICATION PLACES

By 15 June 2014, each NOC who qualified wrestlers needs to confirm to FILA that they will enter these wrestlers for the YOG.

### CONFIRMATION PROCESS FOR HOST COUNTRY PLACES

By 15 June 2014, the Host Country needs to confirm to FILA that they will enter their wrestlers for the YOG.

## F. Reallocation of unused quota places

### REALLOCATION OF UNUSED QUALIFICATION PLACES

If an NOC chooses not to use an obtained place, the next best ranked athlete in the respective weight category will receive the place, which must be reallocated within the same continent. There will be automatically places to be reallocated since there will be, in each weight category, 15 to 20 countries.

### REALLOCATION OF UNUSED HOST COUNTRY PLACES

The unused host country places will go to the next best ranked athlete in the Asian continent in the respective weight category where an athlete previously qualified, as long as it falls within in the limit of five (5) athletes (4 men and 1 woman) per NOC.

### REALLOCATION OF UNUSED UNIVERSALITY PLACES

Any unused places will be reallocated to NOCs having participated in continental qualification tournaments and which have not yet qualified any athletes on the basis of ranking within each weight group, in order to fill the eight (8) available places per category. The reallocation per continent will respect the following order of priority: 1- Africa, 2- Oceania, 3- Asia, 4- America, 5- Europe.
