Dear Mr. President,

I hope that my letter finds you well. I have the pleasure to inform you that we finalized the 2021 Beach Wrestling World Series. Four organizers committed to host one stop of these Series on their Beaches and we thank them for their dedication to the development of this new style.

The 2021 Beach Wrestling World Series will be :

These events were published on our website and all the specific information and schedules will be sent to you in the coming weeks. We encourage you therefore to already save these dates for your Beach Wrestlers. Note that the registration deadlines are the same than the Olympic Wrestling events (1 month deadline).

Please note that Katerini will also host the Junior and Cadet European Championships (12<sup>th</sup> of September 2021) and Constanta will host the Junior and Cadet World Championships (23<sup>rd</sup> and 24<sup>th</sup> of September 2021). With these two events we really hope that the young generation will be also interested to compete on the sand!

By speaking about these age categories, I would like to inform you that the weight categories were updated in order to have a perfect gender balance and have the right weight categories towards the next Youth Olympic Games.

You will find attached the Beach Wrestling Rules but also the Rules of the Beach Wrestling World Series.

We stay at your disposal if you have any questions or remarks related to this important topic.

Sincerely Yours,

Jean-Daniel Rey
