5. Various points :

1. Intervention of members

2. Return of the Mediterranean Championship and the General Assembly

Mediterranean Championship the training camp for young athletes Med Cup Women Tereza

A good participation in the championship, I thank the Hellenic federation for the organization it was not easy in this period of pandemic and economic difficulties. We can regret the absence of certain countries such as France, Turkey, the Magrheb countries. Certainly difficulties in the organization, the busy schedule, health constraints, economic difficulties ... On the camp, a lack of participation despite an excellent organization within the University of Komotini with the support by Prof. Ioannis Barba. On the feminine cut I will give the floor to Teresa.
