Subject : ANOC World Beach Games - Bali 2023

Dear Mr. President,

We have the pleasure to announce you that Beach Wrestling will be part of the next ANOC World Beach Games that will be held in Bali.

The Beach Wrestling event will be organized the 11th and 12th of August 2023.

You will find attached to this circular the Qualification System for this event. You will see that the first Beach Wrestling World Series (BWWS) event taken into account for Bali is Saint-Laurent-du-Var BWWS in France.

The qualification for these Games will be based on the results of the next BWWS events. We inform you that the Wrestling Federation of France postponed the deadline until the 16th of June for this event.

Therefore, we strongly encourage you to register a team there in order to score the first points that will count for the ANOC World Beach Games.

With this Qualification System we will reward the Federations that compete to a maximum of Beach Wrestling World Series events.

Please note that the 4th BWWS in Greece is coming very fast and you already need to plan your travel in Katerini. We also thank the Wrestling Federation of Greece because they agreed to postpone the deadline until the 24th of June.

We really hope that you will register big teams for these events.

Don't forget about the final that will be held in Romania because the points there will be higher than the other stops!

United World Wrestling is working hard to promote Beach Wrestling and its inclusion into the Olympic Program. The number of participating countries for these events are crucial for the development and the good of the discipline!

We count on your great support for these events and really hope that being part of the ANOC World Beach Games will help you to participate in the BWWS.

Yours sincerely,

Jean-Daniel Rey
Sports Director
United World Wrestling
