

# UNITED WORLD WRESTLING

TO ALL AFRICAN NATIONAL FEDERATIONS

Corsier-sur-Vevey, the 6<sup>th</sup> of April 2023

**Subject : African Beach Games**

Dear Presidents,

By this circular we would like to inform you that Beach Wrestling is included in the program of the next African Beach Games that will take place in Hammamet (TUN). Through the hard work of our President, Mr. Lalovic, and the African Council President and Bureau Member, Mr. Meskout, our athletes will be able to compete at this important event.

The Beach Wrestling event will be organized the 28<sup>th</sup> and 29<sup>th</sup> of June 2023. You will find attached the Technical Manual for our discipline. As you can see, 8 athletes per weight category will wrestle during these Games.

We will select the athletes based on the Beach Wrestling African Championships' results. We encourage you therefore to register a big team during this event.

We also take this opportunity to send you the Beach Wrestling Rules and the Uniforms' Guidelines. Would you please share these documents to your teams to be ready for these events?

We ask you to contact your National Olympic Committee because they will be the ones who will register your potential athletes for these Games. The deadline to submit your long list of athletes to your NOC is the **15<sup>th</sup> of April. ONLY the athletes included into this list will be able to compete at these Games.**

It is therefore very important to send the complete list as soon as possible. The final entries will be done right after the African Beach Wrestling Championships. At that time, we will know who are qualified for these Games.

Each participating countries will have to bring one Beach Wrestling referee, at their own costs. However, the Organizing Committee will cover the costs for your athletes and one coach per delegation.

Dear Presidents, we really count on your active participation in these two important events. We have to showcase how Wrestling is strong in Africa.

I stay at your disposal if you have any question but do not lose any time and get in touch with your National Olympic Committee.

  
Jean-Daniel Rey  
Sports Director
