**For all future participants in the 2023 Senior World Championships in Belgrade: mandatory webinars on doping**

Dear President, dear General Secretary,

As part of its commitment to the fight against doping and in view of the Paris 2024 Olympic Games, United World Wrestling is asking all participants in the 2023 Senior World Championships, which will take place in Belgrade from September 16 to 24, to attend five webinars provided by the ITA over a one-month period, at the rate of one webinar per week. These webinars are mandatory and start on July 6.

These interactive one-hour modules are designed to guide, educate and inform our sporting community on anti-doping rules and their anti-doping rights and responsibilities. The webinars are conducted in English with simultaneous translation being available in Arabic, Chinese, French, Russian and Spanish. Those who attend all five sessions will receive a certificate from the ITA to be sent prior to the Senior world Championships at:

**UNITED WORLD WRESTLING**

If one of your athletes can justify having followed a similar education program (ADEL and/or through his/her NADO), it is necessary to send us before the first seminar on July 6, 2023 proof of having followed such a program in order to be exempted from following the ITA webinars. Of course, there are no restrictions on taking ITA webinars as well.

These webinar series are free and open the entire Wrestling community (athletes of all age categories, Olympic & Associated Styles, coaches, athletes support personnel, doctors, etc). **We strongly encourage everyone to follow these webinars and obtain the final certificate. We count on each National Federation to disseminate this information among all its members.**

I would like to thank you for your contribution and your federation's commitment to clean sport.

Yours sincerely,
