

TO ALL NATIONAL WRESTLING FEDERATIONS

Coriser-sur-Vevey, 15th of August 2023/Jdr

Subject: 2027 United World Wrestling Championships

Dear Presidents,

First of all I hope that this letter finds you well and that you are ready for the upcoming World Championships.

By this circular we would like to officially announce the opening of the 2027 Calendar. You will be able to find all the dates in our Calendar (<https://uww.org/events>).

You will find attached all the UWW Championships for 2027 and the timeline related to the bidding process. We thank you for taking due note of the deadlines to send your application. Any application after the deadline will not be considered.

I also take this opportunity to remind you that the following criteria (order not determining) are considered for the selection of each organizer:

- Quality of the overall project (place, presentation, services, LOC organizational structure...)
- Guarantees related to the obtention of Visas
- Transport (access, internal transport, distances)
- Accommodation & food (quality of hotels proposed)
- Sports hall (infrastructure, security, technology, number of seats, accessibility...)
- Financial guarantees and budget
- Marketing & sponsoring
- Risk factors (political, environmental, economic)
- Legacy (wrestling development opportunities, delivery of cultural activities)
- Previous experience and rotation between cities
- Other commitments (environment, side and non-sporting events)

We invite therefore all the interested countries to fill in the BID document and send it back to our Sports Department. They stay at your disposal if you have any questions related to the Organization of UWW Championships.

Please note that few 2025 and 2026 events are still open and we are looking forward receiving candidacies for these Championships, too.

Sincerely Yours,

Nenad Lalovic
President
United World Wrestling
