

10. Organization Fees Revaluation - Proposal

Introduction:

Since the last comprehensive revision of the organization fees established in the UWW Financial Regulations (2016 Congress, Mâcon), the scope and quality of services provided by United World Wrestling to Local Organizing Committees (LOCs) have evolved significantly. Over the past decade, UWW has strengthened its operational capacity and now delivers a higher level of professional support across all aspects of event organization.

These enhancements are reflected not only in Senior-level competitions but have been consistently extended to all age categories, ensuring a uniform standard of excellence across UWW events.

In light of these developments, it is proposed that the UWW Bureau review and consider an adjustment of the organization fees, to be submitted for approval at the 2026 Congress, as outlined below:
